1 Call Meeting to Order -- Board Chair Jeff Taylor

I call the meeting of the Board of Trustees to order. I can't tell you how good it feels to be back with you in person. It really feels good to see all of you. I wish everyone could be here in person, but we are not quite there yet so we are continuing to operate under the executive order of Governor Holcomb regarding electronic meetings. For now, it is great to have the trustees physically present with the public joining us electronically. We have a very full agenda with lots of items for action and gleefully a commencement to get to. So, without further ado for remarks, Dr. Brown.

With everyone present, Chairperson Taylor called the meeting to order at 3:32 p.m.

Trustees present were: Kathleen Cabello, Robert Casey, Tanya McKinzie, Randall Minas, Casey Phillips, Cynthia Powers, Kimberly Smith, and Jeff Taylor. Trustee Ed Pease was absent.

Report of the Faculty Senate Chairperson – Liz Brown

Good afternoon.

This has been an unusual and difficult year for everyone, so I am thrilled to report that I just came from graduation practice and am so pleased that we will be able to have in-person commencement ceremonies for the first time since 2019—it truly feels like a lifetime ago. I believe we are beginning to see the light at the end of this pandemic-created tunnel. I fervently hope that ISU is at least able to seriously incentivize, if not require, faculty, staff, and on-campus students to receive the COVID vaccine so that our campus will be back to as close to normal operations as we can be. This will particularly benefit our students, many of whom have struggled in this hybrid educational environment.

The faculty know we are facing some tough years ahead, with an impending decline in freshman enrollment. However, many faculty, like me, made a deliberate choice to work at ISU; an institution where we develop relationships with students, work with them individually, and prevent them from falling through the cracks, as so often happens at larger institutions. We know that we can take students from typically underserved groups and provide them with high quality educational experiences that develop their critical thinking skills, hone their communication skills, and provide a path to upward social mobility. As the public university in Indiana with the highest percentage of students from minoritized groups, it is our responsibility and our mission to ensure that our curriculum prepares each and every student for the 21st century.

Finally, in what I hope will be 25 days blessedly free from any sticky situations that might require the attention of the Faculty Senate Chair, I will gladly place this gavel into the very capable hands of Professor Keri Yousif. She will represent the faculty at your June meeting and through the upcoming academic year.

Thank you and I'll see you live, and in person at Commencement!

Report of the Staff Council Chairperson – Todd LaComba

Good afternoon, I know time is tight today, so I will be brief.

As this is my last meeting as Staff Council Chair, I want to start off by offering thanks. It has been a pleasure to serve in this role the past two years, and I appreciate that the Staff Council has great partners on campus from the administration and SGA to the Faculty Senate, the past two years have shown us what can be accomplished when all parts of campus are working collaboratively. I am grateful to the members of the Staff Council and the Staff at large. While our work is never truly done, the Council and those who have been actively helping the Council, have put forth the seeds of meaningful change that will undoubtedly continue to grow and enhance campus through the work of the next Staff Council Executive team as it relates to the new strategic plan being set forth.

Speaking of which, we have elections next week, but I can share now, that Morgan Leek, the current Vice Chair, is running unopposed for Chairperson, so you will have the pleasure of working with her in the coming year. I am confident she will excel in this role and have told her that I am always there if she needs anything, but am certain she can handle anything that comes her way.

In the interest of time, I have just one more item to share. Our annual meeting will be held May 20th in a hybrid format similar to this. It will not be like the large events we are used to, but it will be a step in the right direction. At that meeting, I will be offering remarks on the past year to the staff at large while recognizing the current council for their service and presenting our two key awards, which will be shared by Morgan at your next meeting.

Thank you again.

Report of the SGA President - Antonio Tamayo

Interim Vice President Andy Morgan read the following report from Student Government President Antonio Tamayo:

Good afternoon everyone,

It has been an honor and a privilege for Jocelyn and I to serve as the Student Government Association's President and Vice President. We would like to start off by saying thank you to all the branches of SGA for helping us push our platforms, to Brooks and Vicki for always being available and helping to guide us when we hit a fork in the road, and to all the administrators, faculty and staff that we worked with along the year.

No one could have predicted the challenges that our administration would have to face, but I am glad that our team consisted of members that are self-motivated, passionate, and in a time where everything was virtual, creative.

This year we have engaged with students through events, initiatives, and incentives. We engaged students in voter registration during this year's election. We implemented a Scholarship Summit - bringing in scholarship offices to connect to students. We promoted a safer campus through mask distribution and social distancing education. On campus we collected food donations and also partnered with the Bethany House to support the greater community. We also created a mental health review board to follow where the student's mental health fee is being allocated. And in a time of great pain and mourning, we brought students social justice education through countless programs, platforms and support networks.

As we move on from SGA's 58th administration, I would like to introduce and congratulate Austin Nettrouer and Anne Bowen on being elected the President and Vice President for the 59th Administration. We have had the honor to have these individuals serve as a part of our team and have a first-hand experience of their dedication and hard work, which only gives merit and endless potential to what their administration can accomplish. I want to wish Austin and Anne the best of luck as they begin their term as the 59th Administration, we know the student's best interest will rest in good hands. Thank you.

Report of the Vice President of University Advancement and CEO of the ISU Foundation – Andrea Angel

Good afternoon. It is quite a welcome sight seeing all of you again in-person, celebrating our newest Sycamore alumni at commencement tonight and tomorrow. This year has taught us all so much – resiliency, patience, and how to multi-task efficiently during zoom meetings. Thank you for allowing me the opportunity to share great news from the Division of University Advancement.

The third-annual Give to Blue Day back in March was nothing short of amazing. Under the leadership of Director of Annual Giving, Hilary Duncan, expectations were exceeded again this year. \$1,022,945 dollars was raised from 2,620 generous donors. Gifts poured in from 48 states and 5 countries and from all of you. I would like to recognize that the Board of Trustees and ISU Foundation Board had 100% participation on Give to Blue Day. Please mark your calendar now, the 2022 version of Give to Blue Day is set for March 16.

Recently shared with campus were our annual and endowed scholarship and fund distributions for the upcoming academic year. **More than \$3.5 million** in donor-funded scholarships and endowed programs will be available to the university. This represents a **13 percent increase** in distributions from the previous fiscal year. As we continue to prioritize fundraising for Bridge the Gap Scholarships, \$1.3 million has been raised for that initiative. This has allowed more than 200 students to continue their education through these scholarship awards.

Finally, on the performance front, I am pleased to report on our private giving contributions through April, 10 months into our fiscal year. The Division of University Advancement has raised **\$26.2 Million Dollars** through gifts of cash, pledges, and gifts in kind or planned giving commitments. Gifts have been made by 6,801 distinct donors and have created 32 new endowed funds. **We are on track for the largest fundraising year in ISU history!**

Thank you for the opportunity to present the work of the Division of University Advancement to you today.

Report of the University President – Deborah Curtis

- Good afternoon.
- Here we are at the conclusion of another spring semester, albeit, one like no other.
- We have reached commencement weekend of the most unusual academic year I have experienced in my career in higher education.
- And this campus community accomplished it without ever closing our doors or ceasing operations. It is remarkable.
- I am so grateful for the way the ISU family has managed the challenges posed by the pandemic.
- Thank you, thank you, thank you to our faculty, staff and students. You made it possible for us to continue to fulfill our mission despite a worldwide pandemic.
- I am thrilled that we will be able to celebrate our students' achievements in four in-person commencement ceremonies beginning this evening.
- As I have said often, commencement is my favorite day of the year, and this one is even more special.
- Huge congratulations to all of our graduates.

RECOGNITION OF ANDY MORGAN

- At this time, I would like to recognize **Dr. Andy Morgan** for his service during the past two years as our Interim Vice President for Student Affairs.
- We are grateful for Dr. Morgan's willingness to serve in this capacity. Being in an interim appointment is never easy but Dr. Morgan kept things moving during this period of transition, and was an active contributor to our senior leadership team.
- He also served as co-chair of the Goal 2 Strategic Planning Committee focused on increasing access to higher education and improving student success and degree completion. As a long-time student affairs professional, Dr. Morgan understands the impact that his division can have on a student's experience at Indiana State and on the likelihood the student will remain in school and graduate on time.
- Thank you, Dr. Morgan for your dedicated service. We look forward to continuing to work with you as you resume your duties as Dean of Students.
- Andy, would you like to say a few words?

[Comments from Andy Morgan]

- Thank you, Dr. Morgan.

INTRODUCTION OF DR. MICHELE SOLIZ

- It is now my honor to introduce our new vice president for student affairs, **Dr. Michele Soliz**, who was selected following a national search.

- Dr. Soliz is joining us via zoom on her last day at the University of Toledo where she has served as the Associate Vice President for Student Success and Inclusion for about another hour.
- In that role, she has provided strategic oversight to key offices within the University of Toledo's Division of Student Affairs including the Office of Multicultural Student Success, Upward Bound, Career Services, and Assessment. She also oversees the coordination of retention and inclusion efforts across the division.
- With 20 years of experience, Dr. Soliz has served in almost every aspect of student affairs including serving as Executive Director of Support Services and Dean of Students at Toledo.
- She earned her bachelor's degree in ethnic studies from Bowling Green State University and master's and doctoral degrees in higher education from the University of Toledo. Her doctoral dissertation was focused on Latino student baccalaureate completion rates and student engagement.
- Dr. Soliz will begin her new role on June 1 but has already started joining our leadership meetings virtually. I am pleased to welcome her to the ISU family and look forward to working with her.
- Dr. Soliz, would you like to say a few words?

[Comments from Michele Soliz]

- Thank you, Dr. Soliz.

NOTE OF APPRECIATION TO GOVERNANCE REPS

- I would also like to recognize and thank the leaders of our governance units – **Liz Brown, Todd LaComba and Antonio Tamayo**.
- You have all worked so incredibly hard this year on a variety of programs, policies, and the development of the new strategic plan. Thank you for being such magnificent representatives and advocates for your constituents, and for caring deeply about our university and the students we serve.

STATE BUDGET UPDATE

- I am pleased to report that **Governor Eric Holcomb** and the **Indiana General Assembly** once again demonstrated support for higher education with bi-partisan support for the new two-year state budget which includes:
 - Restoring the 7% cut for FY 2022 (this cut was made last year in response to the pandemic's impact on state revenues).
 - Providing 2% in new state funding for higher education.
 - Maintaining university line items that fund priority initiatives such as the Indiana Principal Leadership Institute, which is housed in the ISU Bayh College of Education, and . . .

- Maintaining funding for general repair and rehabilitation needs on campuses.
- As you know, the state allocates operating appropriations to universities partially based on performance metrics that measure student completion and graduation rates. ISU has been working very hard to make improvements in these areas, and we did very well this session, earning more operating appropriation dollars than in the past dozen years. This is really important, and we are thankful to our state leaders for their continued confidence in Indiana State University.
- I would like to especially express our gratitude to **Governor Holcomb**,
 - Higher Education Commissioner **Teresa Lubbers**,
 - House Speaker **Todd Huston**, and
 - Senate President Pro Temp **Rod Bray**.
- We are also very grateful to
 - House Ways and Means Chair **Tim Brown** and
 - Senate Appropriations Chair **Ryan Mishler**.
- Finally, we acknowledge and thank our local delegation of legislators —
 - **Jon Ford**,
 - **Bob Heaton**,
 - **Tonya Pfaff**, and
 - **Alan Morrison** — who work so hard to advocate for ISU and the Terre Haute region.
- Please also join me in thanking
 - Senior Vice President **Diann McKee** and
 - **Greg Goode**, Executive Director of Government Relations and University Communication, for their ongoing work in advocating for state resources for Indiana State.
- Next week, the Indiana Commission for Higher Education will be setting non-binding tuition and mandatory fee targets for each public higher education institution. Following that, Indiana State will develop its tuition and fee proposal for 2021-22 and 2022-23 and will conduct a public hearing.
- The Board of Trustees will consider the tuition and fee proposals for the next two academic years along with the 2021-22 University Operating and Auxiliary Budgets at its June 18th meeting.

PASSING OF FORMER TRUSTEES

- In closing, I would like to note that the university is mourning the loss last month of two former members of the Board of Trustees, both of whom were alumni and long-time supporters of their alma mater.
- **Dr. Michael P. Benway**, a native of Vermont, earned his master's and Ph.D. from Indiana State. He was a lifelong educator including 20 years of service as

superintendent of the Valparaiso Community Schools. He served two terms as an alumni trustee on the ISU Board of Trustees from 1992 to 2000.

- **Mr. Donald W. Buttrey** earned a bachelor's degree from Indiana State before serving in the US Army. He then earned his law degree from the Indiana University School of Law. He became a prominent lawyer in Indianapolis and served as president of the Indianapolis Bar Association. He served on the ISU Board of Trustees from 1992 to 2000 in addition to serving on the ISU Foundation Board of Directors for many years.
- Our deepest condolences go out to the families and friends of these two esteemed leaders.

Conclusion

- And now we look to the long awaited return to Commencement activities this weekend.
 - There was a period of time in the last year when we didn't know when that might happen again.
 - For those of us who will be actively participating in these ceremonies, I hope we will each take time to delight in the joy on the faces of our graduates, their families and friends.
 - Those graduates and their families have accomplished what they came here to do: earn an ISU degree.
 - We are truly fortunate to be able to be a part of this extraordinary celebration.
- Thank you to all who have made these ceremonies possible.
 - This is a campus community that works hard every day.
 - We are eternally grateful for this commitment.
- Mr. Chairman, this concludes my report.

Report of the Board Chairperson – Jeff Taylor

Thank you, Dr. Curtis, and again It is good to be here in person with all of you. Dr. Curtis touched on it, but I do want to again comment on the university's Covid response. We opened this academic year last fall with the expert advice and counsel of Dr. Brucken, our local health commissioner, believing that with the proper mitigation efforts, on campus education could resume. With the help of everyone -- faculty, staff, students and administration -- we successfully remained open. That is open with a big asterisk because campus life and operations were far short of normal. Operating in that mode was no doubt hard work and not much fun. We had cases, but we stayed under control and finished the semester. This January we returned with some degree of confidence that we could continue on campus but ever concerned that things could turn without warning. But our experience this spring has been nothing short of amazing. By my almost daily monitoring of our dashboard for most of this semester, our on and off campus confirmed cases of staff and students have been in single digits. Quite an accomplishment, and I want to again deeply publicly thank the faculty, the staff, the students, the administration, and Dr. Brucken for their work, sacrifice and diligence. You truly are ISU heroes. And now, we are able to at least have some semblance of a commencement, not a full normal one but at least all those who chose can hear their name called and walk across the stage. Then at least some of their family can be present. I for one think this is a big deal. Sincere thanks again for all that made it happen. In some ways where Covid is concerned, we have come a long way but also have a ways to go yet. Hopefully, we are starting to see the possibility of return to something like normal, but stay diligent, get vaccinated and go forth with a positive outlook. And with that on to the agenda.

3a Minutes of the February 19, 2021, Meeting and Certification of Executive Session

The Indiana State University Board of Trustees met in Executive Session at 8:30 a.m. on Friday, February 19, 2021 via electronic means.

The Indiana State University Board of Trustees hereby certifies that no subject matter was discussed in the Executive Session other than the subject matter specified in the public notice.

The Trustees met in a regularly scheduled meeting on Friday, February 19, 2021 at 11:00 a.m. via electronic means.

Trustees present: Mrs. Cabello, Mr. Casey, Mrs. McKinzie, Mr. Minas, Mr. Pease, Mr. Phillips, Mrs. Powers, Mrs. Smith and Mr. Taylor.

Trustees absent: None

Recommendation: Approve the Board Minutes of the February 19, 2021, Meeting and Certification of Executive Session.

Motion made by: Tanya McKinzie
Motion seconded by: Randy Minas

The recommendation was approved.

3b1 Year-End Closing Authorization

The State Board of Accounts has advised that the Treasurer of Indiana State University obtain approval from the Board of Trustees to make various year-end closing entries. These entries normally consist of transfers, adjustments, and consolidations necessary to ensure the elimination of minor budgetary overdrafts, and the write-off of bad debt. The closing of the financial records is guided by GASB accounting and reporting standards and best business practices.

Recommendation: Authorization of the Treasurer or designee to make all necessary year-end closing entries and distributions.

Finance Committee Chairperson Trustee Kim Smith recommends approval of 3b1, 3b2, 3b3.

The recommendation was approved.

3b2 Online MBA Course Fee Waiver

In both February 2011 and 2017, the University Board of Trustees approved recommendations to assess a \$129 per credit hour MBA course fee to a number of Scott College of Business courses. The intent of the fee was to provide necessary funding for student co-curricular activities and development, program and curriculum development, and program marketing and recruitment efforts. The course fees were not to be assessed to students enrolled in the Professional MBA Program which is an off-site program. The Scott College of Business will begin offering an Online MBA Program effective with the fall 2021 semester, and in like manner, is proposing that the \$129 per credit hour MBA course fee not be assessed students enrolled in the Online MBA Program as those students will also be remote to campus.

Recommendation: Approval of the proposal to not assess the \$129 per credit hour MBA course fee to students enrolled in the Online MBA Program, effective with fall semester 2021 enrollments.

Finance Committee Chairperson Trustee Kim Smith recommends approval of 3b1, 3b2, 3b3.

The recommendation was approved.

3b3 Sodexo Services Management Agreement Amendment

Indiana State University entered into a Management Agreement with Sodexo Services of Indiana Limited Partnership on February 22, 2011 to provide campus dining services. The contract has subsequently been amended from time to time to reflect additional investments by Sodexo in campus dining operations to complete desired facilities/equipment renovations and to update resident dining rates.

The proposed amendment shown below provides a meal plan cost to ISU based on a sliding scale of actual meal plan participants measured as of the fourth Friday of each semester rather than a flat minimum number as is currently required. This allows flexibility based on enrollment and housing occupancy.

On an annual basis as resident dining rates may change, Sodexo requests amendments to the services agreement to reflect Board approved rates. To expedite future amendments of Section 6.3 Resident Dining Rates, it is recommended delegation of approval be given to the Treasurer of the University. Any amendment of Section 6.3 Resident Dining Rates for other items would require Board of Trustee approval.

Recommendation: Approval of the proposed amendment to the Sodexo Services Management Agreement, effective July 1, 2021, and delegation to the Treasurer to execute further amendments of Section 6.3 Resident Dining Rates as outlined above.

Finance Committee Chairperson Trustee Kim Smith recommends approval of 3b1, 3b2, 3b3.

The recommendation was approved.

AMENDMENT

INDIANA STATE UNIVERSITY BOARD OF TRUSTEES

AND

SODEXO SERVICES OF INDIANA LIMITED PARTNERSHIP

THIS AMENDMENT, dated April 19, 2021, is between INDIANA STATE UNIVERSITY BOARD OF TRUSTEES ("ISU") and SODEXO SERVICES OF INDIANA LIMITED PARTNERSHIP ("Sodexo").

WITNESSETH:

WHEREAS, ISU and Sodexo entered into a certain Management Agreement, dated February 22, 2011, as amended ("Agreement"), whereby Sodexo manages and operates ISU's Food Service operation in Terre Haute, Indiana;

WHEREAS, the parties now desire to further amend the aforesaid Agreement;

NOW, THEREFORE, in consideration of the promises herein contained and for other good and valuable consideration, the parties hereto agree as follows:

1. Section 6.3 is deleted in its entirety and the following substituted therefor:

"6.3 Resident Dining Rates. The following resident dining rates are in effect commencing with the 2021-2022 resident dining calendar. Such rates shall be subject to an annual adjustment to reflect, at a minimum, increases in the U.S. Department of Labor Consumer Price Index - Food Away From Home, averaged for the prior twelve (12) month period ("CPI"):

From	To	Flex 10/102 (Standard Plan)	Flex 10/204	Best Flex 12/204	High Flex 14/204	Hall Staff	Athletics	Off Campus Meal Plan - UA & 500 Wabash Only
2,497	2,546	\$102.82	\$109.15	\$113.64	\$116.88	\$102.86	\$97.83	\$45.30
2,547	2,596	\$101.05	\$107.31	\$111.77	\$114.91	\$101.17	\$96.26	\$44.39
2,597	2,646	\$99.33	\$105.53	\$109.96	\$113.01	\$99.53	\$94.74	\$43.52
2,647	2,696	\$97.69	\$103.83	\$108.22	\$111.19	\$97.97	\$93.28	\$42.68
2,697	2,746	\$96.10	\$102.18	\$106.55	\$109.43	\$96.45	\$91.87	\$41.87
2,747	2,796	\$94.56	\$100.56	\$104.96	\$107.76	\$95.01	\$90.50	\$41.06
2,797	2,846	\$93.09	\$99.05	\$103.37	\$106.09	\$93.58	\$89.19	\$40.33
2,847	2,896	\$91.66	\$97.57	\$101.86	\$104.50	\$92.21	\$87.92	\$39.61
2,897	2,946	\$90.28	\$96.14	\$100.40	\$102.97	\$90.90	\$86.70	\$38.90
2,947	2,996	\$88.94	\$94.75	\$98.99	\$101.49	\$89.62	\$85.51	\$38.22
2,997	3,046	\$87.65	\$93.41	\$97.62	\$100.06	\$88.38	\$84.36	\$37.56

Rates for the above Meal Plans are for each resident dining patron for each week during the thirty four (34) week calendar.

Billing for weekly meal plans will be based on the number of actual meal plan participants per plan as of the fourth Friday of each semester. At the beginning of the fifth (5th) week of each Fall and Spring Semesters, the number of plan participants billed will be set and fixed for the remaining weeks in the semester.

Commencing July 1, 2022 and annually thereafter, the meal plan rates and other meal plan rates shall be increased by the percentage increase in the U.S. Department of Labor Consumer Price Index - Food Away From Home, averaged for the prior twelve (12) month period ("CPI")."

2. Section 10.8, first Notice to Sodexo is deleted in its entirety with the following substituted therefor:

"To Sodexo: Sodexo Services Of Indiana Limited Partnership
Attention: Cal Thetford
COO, Universities North America, East
9859 Flower Bonnet Avenue, N.W.
Concord, North Carolina 28027"

3. This Amendment is effective July 1, 2021, and thereafter, unless amended. All other terms and conditions contained in the Agreement shall remain unchanged and in full force and effect, except by necessary implication.

IN WITNESS WHEREOF, the duly authorized officers of the parties have executed this Amendment, as of the date indicated in the first paragraph of this Amendment.

3c1 Proposed Modifications to Policy 921 Americans With Disabilities (renamed Policy 921 Disability Accommodation)

Rationale:

As part of the three-year policy review cycle, policy administrators are updating policies and procedures with current information. ISU has been in the process of revamping its disability services, forms and procedures. The policy modifications ensure that proper practices are implemented, proper departments are contacted and proper documentation is obtained.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

Policy 921 ~~Americans With Disabilities~~ Disability Accommodation

921.1 Policy

~~Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990, the Indiana Civil Rights Act, and this policy prohibits discrimination in employment and educational programs against qualified individuals with disabilities. It is the policy of Indiana State University to provide reasonable accommodations or academic adjustments for its employees and students upon documentation of the disability and making known the type of accommodation needed. These accommodations and adjustments shall be made in a timely manner and on an individualized and flexible basis, and shall be the result of the dialogue between the requesting individual and designated representatives of the institution.~~

~~**921.1.1 Individual Responsibility.** It is the responsibility of individual students, staff and faculty to identify themselves as individuals with a disability when seeking an accommodation or adjustment. It is also the responsibility of individual students, staff and faculty to document their disability from an appropriate licensed professional, and to demonstrate how the disability limits their ability to complete the essential functions of their job or limits students' participation in programs or services of the university. Medical documentation will be kept confidential as the law permits.~~

~~**921.1.2 Institutional Standards of Performance.** Students, staff and faculty must maintain institutional standards of performance.~~

921.1 Policy Statement. The Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation, the Indiana Civil Rights Act and Indiana State University Policy 923 Non-Discrimination and Anti-Harassment ~~policy~~ prohibit discrimination against qualified individuals with disabilities in employment and educational programs.

Indiana State University is committed to enabling students and employees with disabilities to participate in and benefit from University programs and activities by providing reasonable accommodations, academic adjustments and modifications to policy or procedures unless the modification would fundamentally alter the nature of a University program or activity. These accommodations, adjustments and modifications shall be made in a timely manner and on an individualized and flexible basis, and shall be the result of interactive dialogue between the requesting individual and designated representative of the University.

Indiana State University is committed to providing a campus environment free of both physical barriers and barriers of attitude.

Indiana State University is committed to maintaining websites accessible to individuals with disabilities.

921.2 Requesting an Accommodation. It is the responsibility of individual students, staff and faculty to identify themselves as an individual with a disability when seeking an accommodation, adjustment or modification. It is also the responsibility of individual students, staff and faculty to document their disability from an appropriate licensed professional, and to demonstrate how the disability limits their ability to complete the essential functions of their job or limits participation in programs or services of the University. Medical documentation will be kept confidential consistent with legal requirements and ISU policy.

921.3 Standards of Performance. Students, staff, and faculty members must maintain institutional standards of performance.

921.4 Student Procedures and Resources. Students seeking information regarding accommodations, academic adjustments or other modifications should contact [Accessibility Resource Office](#) to begin the interactive process.

921.5 Employee Procedures and Resources. Faculty, staff, volunteers, and applicants for employment seeking information regarding accommodations should contact the [Office of Human Resource](#) to begin the interactive process.

921.6 Questions about Policy. Questions regarding this Policy should be directed to the University ADA/Section 504 Coordinator, who oversees the University's efforts to comply with the ADA and Section 504 of the Rehabilitation Act:

Students

Dean, University College
Coordinator, Foundational Studies
207 Normal Hall
Indiana State University
Terre Haute, Indiana 47809
(812) 237-3940

Employees

Executive Director, Human Resources
Rankin Hall Room, 300
Indiana State University
Terre Haute, Indiana 47809
(812) 237-4114

921.7 Appeals of Accommodations Decisions.

Appeals of decisions regarding accommodations should be directed to the following:

Students

University College
207 Normal Hall
Indiana State University

Terre Haute, Indiana 47809
(812) 237-3940

Rankin Hall Room, 300
Indiana State University
Terre Haute, Indiana 47809
(812) 237-4114
Tami.Weinzapfel-Smith@indstate.edu

921.8 Reports of Discrimination

Reports of disability discrimination should be directed to:

Office of Equal Opportunity and Title IX
Indiana State University
Rankin Hall, Room 426
210 North 7th Street
Terre Haute, Indiana 47809
(812) 237-8954

[Policy 923 Non-Discrimination and Harassment Report Form](#)

Recommendation: Approval of the proposed modifications to Policy 921 Americans with Disability (renamed Disability Accommodations).

Motion made by: Randy Minas

Motion seconded by: Cynthia Powers

The recommendation was approved.

3c2 Proposed Modifications to Policy 210 Admissions

Section 210.1 General Policy and Section 210.2 Requirements

Rationale: Update the policy on admissions to reflect best practice and remain competitive to attract transfer students.

As part of a Strategic Enrollment Management initiative, Indiana State University engaged with the Association of American of Collegiate Registrars and Admissions Officers (AACRAO) Consulting to review ISU's transfer policies and processes. AACRAO Transfer consultants have broadly identified areas of concern, when compared to best practices.

To make an impact on our enrollment numbers of transfer students for Fall 2021, we need to quickly address our policy deficiencies so other changes can be considered.

AACRAO's Identified Concerns:

Current ISU 210 Admissions Policy:

- ISU's current policy is heavily embedded with procedures
- Inability for ISU to be nimble and react to market
- Course equivalencies should be determined based on discipline, not a student's program of study; change of major should not change transfer course equivalencies (degree requirement exceptions should be processed through MySAM)
- Only accepting course transfer equivalencies with a letter grade of C or better; it's common to allow an acceptance of a D letter grade if limiting the number allowed and applying them only to elective credit.
- Admissions policy requires student with less than 24 hours to submit a HS transcript (see Foundational Studies Non-Native Language concern below)
- Turn departmental/college level policies into university level policies

Structure:

- Too many areas are involved in the articulation process, causing inconsistencies and delays
- Lacking professional development and cross-training to ensure consistency and efficiencies
- Impact of Foundational Studies Non-Native Language on transfer students with a need for HS transcripts (Admissions Policy)

Proposed Solutions

To address the above concerns, the current Policy 210 has been revised and broken into three separate policy proposals: Admissions, Transfer and Award of Academic Credit, and Academic Renewal.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

Current Language:

210.1 General Policy

Indiana State University, in affirming its commitment to excellence, recognizes the value of a student population reflecting academic achievement, cultural diversity, and special talents. The University's admissions policies allow for the individual consideration of each applicant and help service a student population with these characteristics.

The primary criterion for admission is evidence that a candidate is prepared to succeed in a degree program. Admission standards are stated in terms of traditional school and college grading systems. For applicants whose records include either a high proportion of nontraditional grades, or a subject pattern which departs markedly from that normally associated with university study, additional evidence of academic potential in support of their applications, such as entrance examinations, interviews, and letters of recommendation, may be requested. Individuals may seek exceptions to any of the requirements below by petitioning the Admissions Committee to consider additional factors that may indicate college potential. A limited number of students may be admitted on condition that they agree to follow a prescribed course of study and advisement.

210.2 Application Procedures

To be considered for admission, candidates must submit a completed admission application, \$25 non-refundable application processing fee, and have official transcripts sent directly from all secondary and post-secondary institutions (see the Required Transcripts section) to the Office of Admissions. Applications must be submitted electronically. Visit the University's Web site and follow the links to the Office of Admissions page.

210.3 Admission to Academic Programs

Admission to Academic Programs. Admission to the University does not guarantee admission to a given academic program or enrollment in specific courses. Applicants are asked to designate their intended major area of study on the application. The academic divisions of the University which may have additional admission requirements will notify applicants of these standards. See appropriate Catalog sections under academic departments and the professional colleges for further details regarding program admission criteria.

210.4 Application Priority Dates.

Applications for freshman admission may be filed after the student has completed the junior year in high school. Transfer applicants may apply as early as one academic term in advance of their intended semester of enrollment. Application closing dates for international students may vary. Please refer to Admissions International Application Web page for updated information.

Fall Semester	June 1
Spring Semester	December 1
Summer Session	May 1

Early application is encouraged for scholarship consideration.

210.5 Admission Requirements—All Students.

210.5.1 Required Transcripts.

Students must submit official transcripts from all institutions at which college course work has been attempted. Applicants for admission or readmission are required to disclose registration at any college or university and to submit official transcripts documenting that registration as a condition for admission or readmission. Failure to disclose attempted course work at other colleges or universities constitutes fraud upon the University.

210.5.2 Transfer Students.

Transfer students who have earned 24 or more transferable semester credits need not ordinarily submit a high school transcript. However, transfer students who have not completed non-native language study at their transfer institution, but did complete a minimum of four courses in high school in a single or multiple non-native language, including American Sign Language (with a grade of C or better), should have their high school transcript sent to the Office of Admissions where the completion of the non-native language requirement will be recorded. To be official, all transcripts must be sent directly from the registrar's office of the schools previously attended to the Office of Admissions at Indiana State University. Electronic transcripts can be issued from Indiana secondary schools utilizing the Commission of Higher Education sponsored Parchment Program. All such documents must be received by the above closing dates to ensure consideration.

210.5.3 Test Scores.

SAT and ACT test scores are optional for applicants except those with a high school grade point average of less than 2.5. The SAT or ACT will still be required for certain merit-based scholarships and for advanced placement. Applicants with a high school grade point average of less than 2.5 will be required to submit SAT/ACT scores and meet any other requirements for conditional admission.

210.6 Admission Requirements—Freshman.

210.6.1 High School Curriculum. Indiana State University currently recommends the following high school course curriculum. Students who graduate from high school in 1998 or after are expected to complete the Indiana Core 40 curriculum (or equivalent for non-Indiana high school graduates) to qualify for unconditional admission.

210.6.2 Academic Achievement. Freshmen candidates applying directly from high school are expected to complete a rigorous college preparatory curriculum (Core 40 curriculum for Indiana residents) and maintain a competitive grade point of 2.5 or higher on a 4.0 scale. (A limited number of students who do not meet these requirements may be admitted conditionally.) Additional consideration will be given to standardized test scores, the rigor of the high school curriculum, grades earned in academic subjects, and other evidence of academic potential. Students completing high school equivalency diplomas (such as the GED) are given admission consideration based upon test results and standardized test scores (SAT or ACT).

210.6.3 New Student Orientation. Newly admitted Freshmen and transfer students are required to attend New Student Orientation prior to the start of the semester/term. Students are not allowed to register for coursework outside New Student Orientation unless approved by the Director.

210.6.4 Mathematics Placement Test. In order to correctly place new students in mathematics courses at ISU, all new students are required to take a mathematics placement examination. The test can be taken on-line in less than an hour and must be completed before attending New Student Orientation prior to course registration. There is no charge to take the mathematics placement test. For specific information regarding the on-line mathematics test, refer to the University Testing site.

210.7 Admission Requirements—Transfer Students

The following are general admission standards for transfer students:

1. Be in good standing at last accredited institution attended.
2. Have a high school record that meets the entrance requirements of freshmen admitted to Indiana State University.
3. Have earned 2.0 cumulative grade point average (GPA) in all college level studies.

NOTE: Transferable hours are restricted to courses in which the applicant earned a grade of C or higher, and courses at the 100-level (and above) from accredited colleges and universities. Credit from non-accredited colleges and universities will not transfer.

NOTE: Some programs require higher standards for admission. Students should consult the section of this Catalog that describes the academic program they wish to enter.

210.8 Transfer of Credit Evaluation

Academic deans determine the applicability of transfer credits to requirements within their colleges. Transfer credit will be re-evaluated if a transfer student changes their degree program.

210.8.1 Transferability.

1. The following guidelines govern transfer of courses:
2. Only transfer credits earned in college-level courses (typically numbered 100 or higher) from an accredited college or university will be assigned credit. Credit from non-accredited colleges and universities will not transfer.
3. Only transfer courses in which a grade of C or higher was earned will be assigned credit; courses with a grade of C- or below will not be assigned credit.
4. A maximum of 90 transfer credits may be assigned toward a bachelor's degree.
5. Transfer credits are assigned only for college-level courses.
6. The dean of the college may determine which of the courses taken by the student more than seven years prior to graduation may be applicable to a baccalaureate degree.

210.8.2 Applicability.

Application of transfer credits depends on the student's choice of degree program. Transfer credit will be re-evaluated if transfer students change their degree program. Transfer credit may be assigned as course equivalency or as elective credit as described below:

1. Course equivalency means that a transfer course is equivalent to a specific Indiana State University course in the major, minor, or Foundational Studies Program by the appropriate department/academic unit. Some course equivalencies have been established through existing agreements between Indiana State University and other colleges and universities; other equivalencies will be determined on an individual basis.
2. Elective credit is assigned for courses that meet transfer requirements, but for which no equivalency is determined. Elective credit is usually applied toward total earned credits and may also apply to the major, minor, or Foundational Studies Program. The decision to apply transfer elective credit in a program is made by the appropriate academic unit. Students who have been offered admission and have submitted official transcripts from accredited colleges or universities to the Indiana State University Office of Admissions should review their degree audit report after admission to Indiana State to identify the status of each course and the total number of credits transferred to Indiana State University. After reviewing the degree audit report, students may

request a reconsideration of their transfer credit evaluation from the academic dean's office in the college of the student's intended major. Students access the degree audit report through the MyISU Portal.

210.9 Articulated Programs and General Education Core

Indiana State University has established articulation agreements with several colleges and universities that allow students to complete a specific associate degree program at another institution and receive up to 90 credits toward a specific bachelor degree program at Indiana State University. Each articulation agreement will stipulate the Indiana State University courses needed to complete the bachelor degree program and any requirements or guidelines that govern a particular agreement (for example, course and cumulative grade point requirements that differ from the University's general requirements). Students should review the articulation requirements presented by the appropriate Indiana State University College or by their chosen program at the institution from which they intend to transfer.

The Office of Registration and Records maintains current listings of articulated programs and course equivalencies between Indiana State University and other colleges and universities. Interested students should consult the Catalog. Students who successfully complete the Statewide Transfer General Education Core (STGEC) at an Indiana public institution of higher education, can transfer that coursework as a block of 30 credit hours towards completion of Foundation Studies requirements at Indiana State University.

210.10 Online Undergraduate Programs

Indiana State offers online programs to students who have an articulated associate of science (A.S.) degree, or associate of applied science (A.A.S.) degree, or who have transferable credits from regionally accredited colleges or universities. For more information, visit Indiana State On-line or call 812-237-2345.

210.11 Undergraduate Admission Requirements—International Students.

Because of the variety of educational systems throughout the world, there are broad admission requirements for international students. An evaluation is made of all credentials associated with the academic qualifications and intended field of study of the applicants. Indiana State University accepts credential evaluation reports from select members of the National Association of Credential Evaluation Services.

International applicants are expected to demonstrate evidence of academic potential. In addition to evidence of academic potential, international students must demonstrate financial responsibility and English language proficiency. Please refer to the Admissions site for English Proficiency requirements and exceptions.

International students should apply early to be assured of timely completion of the admission process. They should contact the United States Consulate concerning the time required to process the education visa, and wait for official notice of admission before traveling to the United States for attendance at Indiana State University. Once admission has been granted and an I-20 visa issued, it is the responsibility of the applicant to make all the necessary arrangements for entrance into the United States and for residence in the State of Indiana throughout the duration of study at the University.

210.11.1 Requirement for International Admissions–Freshmen

Applicants normally receive a response within four to six weeks of receipt of all application materials, including:

1. Completed application
2. Application fee: \$65 (U.S.) non-refundable
3. Official transcripts or a credential evaluation. The credential evaluation process can take several weeks to complete, and we strongly urge you to begin the process as early as possible.
4. Affidavit of financial support
5. Original current bank statement
6. Required English Language Scores. Official Interlink, TOEFL (code 1322), IELTS, or ELS scores (unless exempt) must be sent directly from the testing center to Indiana State University.
7. Copy of passport. If studying in the United States an I-94 card, F-1 or J-1 visa, and I-20 or DS2019 are also required. If currently in the United States but not studying, a copy of the applicable visa must also be submitted.

210.11.2 Requirement for Admissions–Transfers.

Applicants normally receive a response within four to six weeks of receipt of all application materials, including:

1. Completed application
2. Application fee: \$65 (U.S.) non-refundable
3. Official transcripts or a credential evaluation. The credential evaluation process can take several weeks to complete, and we strongly urge you to begin the process as early as possible.
4. Affidavit of financial support
5. Original current bank statement
6. Required English Language Scores. Official Interlink TOEFL (code 1322), IELTS, or ELS scores (unless exempt) must be sent directly from the testing center to Indiana State University.
7. Copy of passport. If studying in the United States an I-94 card, F-1 or J-1 visa, and I-20 or DS2019 are also required. If currently in the United States but not studying, a copy of the applicable visa must also be submitted.

210.11.3 Financial Support.

1. Applicants need to show financial support to cover educational expenses before admission is granted and the I-20 is issued.
2. I-20 verification is issued by the Center for Global Engagement.
3. All applicants should supply an affidavit of financial support and original bank statement with current information.
4. Government sponsored applicants must provide an official or certified copy of the award, specifying validity for Indiana State University, listing the expenses and fees covered by the award, beginning and ending dates of study covered, the level/field of study, and the length of the award. The address for billing must also be included.
5. Those applicants who are academically eligible yet fail to prove adequate financial documentation will receive a letter explaining that admission is delayed until the University can be assured of the student's financial support. Some applicants may be requested to deposit funds in an account with the Indiana State University Office of the Controller prior to admission.

210.11.4 Transfer of Credit for International Students.

Academic deans determine the applicability of transfer credits to requirements within their colleges. Transfer credit will be re-evaluated if transfer students change their degree program. Transfer credits are restricted to college-level courses from institutions accredited by the ministry of higher education in the home country and must meet a minimum standard grade deemed equivalent to a C or higher in the United States higher education system. The total number of credits which may be applied from a foreign university is assessed in terms of the level of accreditation granted to the institution by the ministry of higher education in the country of origin. The total number of credits that may be applied to an Indiana State University baccalaureate degree cannot exceed 90. Students transferring from institutions of higher education abroad with which Indiana State University has developed program articulations will receive transfer credit in accordance with the provisions of the articulated program agreement.

210.12 Readmission of Former Students.

Former Indiana State University students who have interrupted their studies for more than two calendar years must apply for readmission through the Office of Admissions. Applicants for readmission are required to disclose registration at any college or university and to submit official transcripts documenting that registration as a condition for readmission. Failure to disclose attempted course work at other colleges or universities constitutes fraud upon the University.

210.12.1 Unconditional Readmission.

Students who have maintained at least a 2.0 cumulative grade point average at the other institutions and left Indiana State University in good academic standing are eligible for unconditional readmission.

210.12.2 Readmission on Probation.

Applications from students who were academically dismissed from Indiana State University will be reviewed in the Office of Admissions and by the academic dean of the college of the student's intended major. Former degree-seeking students cannot enroll as non-degree students if they are on academic probation or have been academically dismissed. No student may be readmitted if academically dismissed three times. Applications from students who left ISU in good standing, but experienced academic difficulty at a different institution will also be reviewed by the academic dean of the college of the student's intended major. Students readmitted on academic probation are expected to earn the required minimum grade point average in their first return term or are subject to academic dismissal.

210.12 Academic Renewal

Indiana State University provides Academic Renewal as an option to returning student applicants who have been out of school for a significant period of time and whose previous academic performance is not indicative of the academic work of which they are now capable. Academic Renewal recognizes that such students are often hampered by a previous, low grade point average, and it offers them the opportunity to use only those classes, taken after readmission, in the computation of their Indiana State University grade point average. The following conditions apply:

1. Five or more years must have passed between the student's previous ISU enrollment and the current term of readmission and the student must not have earned a degree from ISU;
2. Academic Renewal is granted only after completion of a minimum of 12 credits with a grade point average of 2.0 or higher;

3. Academic Renewal can occur only once, and it is irreversible.
 4. Students' Indiana State University transcripts will indicate that Academic Renewal has been granted. All courses and grades will remain on the transcript.
 5. If Academic Renewal is granted, students' cumulative grade point average will be computed from courses taken since readmission. (To determine graduation with honors, however, classes before readmission will still be included in grade point average calculation.)
 6. All academic requirements in place at the time of readmission must be met.
 7. Students' academic dean will review students' previous Indiana State University transcripts and determine the applicability of Indiana State University courses that carry a grade of C or higher to the current degree program. These credits will count toward the students' total earned credits but will not be calculated in students' grade point average.
 8. Students must complete at least 30 credits of Indiana State University course work after readmission to earn a degree.
- To apply for Academic Renewal, students should consult their academic dean.

210.13 Continuing Student Taking Courses outside ISU.

Continuing students who attempt additional course work at colleges or universities other than Indiana State are required to promptly submit official transcripts documenting those attempts. Failure to disclose attempted course work at other colleges or universities constitutes fraud upon the University.

The University welcomes those who wish to enroll without intending to pursue a degree program at ISU. While such individuals are expected to satisfy admission requirements, they are not ordinarily asked to provide academic credentials from high school or previous colleges. Non-degree students needing to enroll in a course that has a pre-requisite requirement must submit official transcripts indicating successful completion of prerequisite course.

Non-degree students must complete the on-line application for non-degree study before the beginning of each term of their intended enrollment. Non-degree students may complete registration on-line. Registration is determined upon a space available basis. The Office of Admissions may require high school or college transcripts from individuals who repeatedly enroll as non-degree students if continued enrollment suggests the pursuit of a degree program. International students seeking non-degree admission must submit an official academic transcript(s), English proficiency, and a copy of a visa or passport. Students are limited to no more than six semester credits for any given term while in non-degree status. Non-Degree students must apply for admission each term in which they wish to enroll. Non-degree students are not eligible for federal financial aid consideration.

Credits earned in non-degree status may later be applied to a degree program, but the University cannot guarantee their applicability until such students have been admitted to the University. Consequently, persons wishing to pursue degree programs as part-time students must complete a regular admission application and submit official transcripts from schools and colleges previously attended.

Proposed New Language:

Proposed Name: Undergraduate Admission

210.1 General Policy

Indiana State University, in affirming its commitment to excellence, recognizes the value of a student population reflecting academic achievement, cultural diversity, and special talents. The primary criterion for admission is evidence that a candidate is prepared to succeed in an academic program.

All application reviews and admission decisions are made by the Office of Admissions. Indiana State University may admit students on a conditional basis with specific requirements for a proscribed course of study and advisement. Applicants may seek exceptions to any of the admission requirements by petitioning the Admissions Committee to consider additional factors that may indicate college potential.

Admission to the University does not guarantee admission to a given academic program or enrollment in specific courses. Omissions or misrepresentations on an application for admission may be grounds for invalidating the admission application and preventing admission to Indiana State University.

Indiana State University's Strategic Enrollment Management Council influences admission priorities and goals; therefore, admission requirements are reviewed annually and are subject to change.

210.2 Requirements

210.2.1 Freshman Applicant. A freshman, or first-time, undergraduate applicant is defined as a student that has not earned college-level credits after high school graduation or equivalent.

- a. **Academic Achievement.** Freshmen applicants are expected to complete a rigorous college preparatory curriculum (Core 40 curriculum for Indiana residents) and maintain a competitive grade point of 2.5 or higher on a 4.0 scale. A limited number of students who do not meet these requirements may be admitted conditionally.
- b. **Program Specific Requirements.** Some Indiana State University programs require higher standards and/or additional requirements for admission. Admission to the University does not guarantee admission to a given academic program or enrollment in specific courses.
- c. **Required Application and Payment.** An electronic application and non-refundable application processing fee must be submitted for admission consideration.
- d. **Required Transcripts.** Applicants for admission must submit official transcripts from all high school and post-secondary institutions at which course work has been attempted and/or credentials have been earned.
- e. **Test Scores.** Standardized test scores (SAT and ACT) are not required for undergraduate applicants. The SAT and ACT are still required for certain merit-based scholarships.
- f. **International-Only Requirements.** Due to the variety of educational systems throughout the world, there are broad admission requirements for international students. An affidavit of financial support and original current bank statement, acceptable scores on university-recognized English Language Proficiency exams, and passport copy are required documents for admission.

210.2.2 Transfer Applicant. A transfer applicant is defined as an undergraduate student who has earned college credit after high school graduation or equivalent. If a student has earned fewer than 12 or more college-level credits, the student must meet the freshman applicant criteria.

- a. **Academic Achievement.** Transfer applicants for admission should be in good academic standing at the last accredited institution attended and have earned at least a 2.0 cumulative grade point average (GPA) on a 4.0 scale in all college-level studies.
- b. **Program Specific Requirements.** Some Indiana State University programs require higher standards and/or additional requirements for admission. Admission to the University does not guarantee admission to a given academic program or enrollment in specific courses.
- c. **Required Application and Payment.** An electronic application and non-refundable application processing fee must be submitted for admission consideration.
- d. **Required Transcripts.** Applicants for admission must submit official transcripts from all post-secondary institutions at which course work has been attempted and credentials have been earned.
- e. **International-Only Requirements.** Because of the variety of educational systems throughout the world, there are broad admission requirements for international students. An affidavit of financial support and original current bank statement, acceptable scores on university-recognized English Language Proficiency exams, and passport copy are required documents for admission.

210.2.3 Former ISU Student Applicant. Former Indiana State University students who have interrupted their studies for more than two calendar years must apply for readmission.

- a. **Required Application.** An electronic application must be submitted for admission consideration.
- b. **Required Transcripts.** Applicants for readmission must submit official transcripts from all post-secondary institutions at which course work has been attempted and/or credentials have been earned.

210.2.3.1 Unconditional Readmission. Former ISU applicants who have maintained at least a 2.0 cumulative grade point average at the other institutions and left Indiana State University in good academic standing.

210.2.3.2 Readmission on Probation. Former ISU applicants who were academically dismissed from Indiana State University or applicants who left Indiana State University in good standing, but experienced academic difficulty at a different institution. No student may be readmitted if academically dismissed three times at Indiana State University. Students readmitted on academic probation are expected to earn the required minimum grade point average in their first return or are subject to academic dismissal.

210.2.4 Non-degree Applicant. Indiana State University welcomes those who wish to enroll without intending to pursue a degree program. Non-degree admission is for applicants who wish to enroll in undergraduate courses pertaining to their personal interest, continuing education and licensure needs, and other credentials that do not intend to work toward a formal undergraduate degree at Indiana State University. ISU does not issue visas for non-degree students.

- a. **Academic Achievement.** Applicants should have sufficient educational background to qualify for the courses or courses in which enrollment is sought.
- b. **Required Application and Payment.** An electronic application and non-refundable application processing fee must be submitted for admission consideration.
- c. **International-Only Requirements.** International applicants whose native language is not English must provide acceptable scores on university-recognized English Language Proficiency exams and a passport copy.
- d. **Non-degree Admission Restrictions.** Acceptance in this category does not constitute acceptance to a degree-granting program at Indiana State University; credits earned as a non-degree student may or may not be applicable to a specific degree program at Indiana State University.

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

3c3 Proposed Modifications to Policy 215 Undergraduate Transfer and Award of Academic Credit

Rationale: Remove the current transfer credit requirements out of Policy 210: Undergraduate Admission and consolidate award of academic credit and/or academic requirement waivers into one policy. Update the policy to reflect best practices and remain competitive to attract students.

As part of a Strategic Enrollment Management initiative, Indiana State University engaged with the Association of Collegiate Registrars and Admissions Officers (AACRAO) Consulting to review ISU's transfer policies and processes. AACRAO Transfer consultants have broadly identified areas of concern, when compared to best practices.

To make an impact on our enrollment numbers of transfer students for Fall 2021, we need to quickly address our policy deficiencies so other changes can be considered.

AACRAO's Identified Concerns:

Current ISU 210 Admissions Policy:

- ISU's current policy is heavily embedded with procedures
- Inability for ISU to be nimble and react to market
- Course equivalencies should be determined based on discipline, not a student's program of study; change of major should not change transfer course equivalencies (degree requirement exceptions should be processed through MySAM)
- Only accepting course transfer equivalencies with a letter grade of C or better; it's common to allow an acceptance of a D letter grade if limiting the number allowed and applying them only to elective credit.
- Admissions policy requires student with less than 24 hours to submit a HS transcript (see Foundational Studies Non-Native Language concern below)
- Turn departmental/college level policies into university level policies

Structure:

- Too many areas are involved in the articulation process, causing inconsistencies and delays
- Lacking professional development and cross-training to ensure consistency and efficiencies
- Impact of Foundational Studies Non-Native Language on transfer students with a need for HS transcripts (Admissions Policy)

Proposed Solutions

To address the above concerns, the current Policy 210 has been revised and broken into three separate policy proposals: Admissions, Transfer and Award of Credit, and Academic Renewal.

Proposed New Language:

Proposed Name: Undergraduate Transfer and Award of Academic Credit

215.1 General Policy

Indiana State University acknowledges the importance in recognizing demonstrated student proficiencies. In addition to taking courses at Indiana State University, students may earn

academic credits that may be applicable to degree requirements. Credits are awarded on the semester-hour basis and may be awarded by the following methods:

- Advanced Placement and Prior Learning Credit
- Placement Exam and Award of Back Credit
- Associate Degree Waivers
- Individual Course Equivalencies
- Military Credit
- Program Articulations
- Statewide Indiana Transfer Initiatives

Academic deans have approval on the applicability of academic credits to requirements within their college. Credit identified and awarded in the transfer and award of academic credit policy are excluded and do not count toward the 30 required hours of residence credit for graduation.

215.2 Advanced and Prior Learning Credit Requirements

Indiana State University offers opportunities for students to earn credit toward a degree for knowledge they have already acquired. Students can earn up to 63 credits towards a baccalaureate degree and 25 percent of an undergraduate certificate. Credit earned this way counts toward graduation requirements but does not count towards resident credit. Students cannot receive this type of credit for courses where credit has already been earned.

- Advanced Placement (AP) Examinations
- College-Level Examination Program (CLEP)
- Dantes Standardized Subject Tests (DSST)
- Departmental Exams/Assessment of Prior Learning
- Dual Credit
- Excelsior College Examinations
- International Baccalaureate (IB)

215.3 Placement Exam and Award of Back Credit

Indiana State University recognizes prior experiences in university approved academic areas for students to earn back credit when exam results place them beyond the introductory level. Students must register and pass the academic course with a specific letter grade for back credit to be awarded.

- Non-Native (Foreign) Language Placement

215.4 Associate Degree Waivers Requirements

Undergraduates who earn an Associate of Arts (A.A.), Associate of Science (A.S.), or Associate of Applied Science (A.A.S.) degree from an accredited institution will be eligible for applicable waivers to Indiana State University's Foundational Studies requirements.

215.5 Individual Transfer Course Equivalencies Requirements

Undergraduates who complete course work at another accredited college or university may be eligible for earned transfer credit at Indiana State University, if the following conditions are met:

- Course work must be completed at an accredited institution in the United States or at an officially recognized international institution.
- Course work must be college-level.

- Course work must reflect a final grade earned of C- or better (or equivalent).

Course equivalency means that a transfer course is a discipline-specific equivalent to a specific Indiana State University course or Foundational Studies requirement. Elective credit is assigned for courses that meet transfer requirements, but for which no equivalency is determined. If a student changes their program, the new academic area will review transfer work that applies to the program. Academic deans have final approval of the applicability of transfer credits to requirements within their college.

215.6 Military Credit Requirements

Credit will be granted by Indiana State University according to the guidelines of the American Council of Education (ACE). IF ACE guidelines conflict with Indiana State University policies, the latter takes precedence.

Students who have successfully completed college-level studies or DANTES exams while in the military may be eligible to receive credit if their official military transcript indicates attainment of college-level equivalency.

Credit for military training and experience is granted based on official Joint Services

Transcripts and/or discharge from (DD214). All service members qualify for 2-8 credits, based on completion of basic training and length of service as indicated on the DD214.

Two credits are awarded for physical education with completion of basic training. Additional elective credit is granted for service time as follows:

- 2 credits for 12-15 months service.
- 3 credits for 16-17 months service.
- 4 credits for 18-19 months service.
- 5 credits for 20-21 months service.
- 6 credits for 22 months or more of service.

A maximum of 63 credits may be granted based on a combination of service, training, and education while in the military. Credit from the Community College of the Air Force (CCAF) is applied per Indiana State University's individual transfer course equivalencies guidelines.

215.7 Program Articulation Agreement Requirements

These are agreements between Indiana State University and the respective institutions on pathways for students to transfer to Indiana State University. Students must complete the degree and meet the requirements outlined in the agreement. Academic Affairs is the final signatory for these types of agreements.

215.8 Statewide Indiana Transfer Initiatives

Indiana State University supports transfer students by supporting the following State of Indiana Transfer Initiatives.

- **Core Transfer Library (CTL).** Students who successfully complete CTL courses at Indiana public and participating private institutions can transfer those courses to Indiana State University to meet determined course equivalencies.
- **Statewide Transfer General Education Core.** Successful completion of the Statewide Transfer General Education Core at an Indiana public institution of higher education

transfers as a block of 30 earn credits towards completion of the Foundational Studies requirements at Indiana State University.

- ***Transfer Single Articulation Pathway.*** Transfer students who complete an eligible Transfer Articulation Pathway (TSAP) program and have been admitted to the corresponding baccalaureate program at Indiana State University are granted a block of 60 earned credits from the respective associate degree. TSAP's are degree completion programs that enable students to earn a baccalaureate degree after completing an additional 60 credits as required by the respective major.

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

3c4 Proposed Modifications to Policy 220 Academic Renewal

Rationale: Remove Academic Renewal out of Policy 210: Undergraduate Admission into a stand-alone policy.

As part of a Strategic Enrollment Management initiative, Indiana State University engaged with the Association of Collegiate Registrars and Admissions Officers (AACRAO) Consulting to review ISU's transfer policies and processes. AACRAO Transfer consultants have broadly identified areas of concern, when compared to best practices.

To make an impact on our enrollment numbers of transfer students for Fall 2021, we need to quickly address our policy deficiencies so other changes can be considered.

AACRAO's Identified Concerns:

Current ISU 210 Admissions Policy:

- ISU's current policy is heavily embedded with procedures
- Inability for ISU to be nimble and react to market
- Course equivalencies should be determined based on discipline, not a student's program of study; change of major should not change transfer course equivalencies (degree requirement exceptions should be processed through MySAM)
- Only accepting course transfer equivalencies with a letter grade of C or better; it's common to allow an acceptance of a D letter grade if limiting the number allowed and applying them only to elective credit.
- Admissions policy requires student with less than 24 hours to submit a HS transcript (see Foundational Studies Non-Native Language concern below)
- Turn departmental/college level policies into university level policies

Structure:

- Too many areas are involved in the articulation process, causing inconsistencies and delays
- Lacking professional development and cross-training to ensure consistency and efficiencies
- Impact of Foundational Studies Non-Native Language on transfer students with a need for HS transcripts (Admissions Policy)

Proposed Solutions

To address the above concerns, the current Policy 210 has been revised and broken into three separate policy proposals: Admissions, Transfer and Award of Credit, and Academic Renewal.

Proposed New Language:

Proposed Name: Academic Renewal Proposal

220.1 General Policy

Indiana State University provides Academic Renewal as an option to returning undergraduate degree-seeking students who have been out of school for a significant period of time and whose previous academic performance is not indicative of the academic work of which they are now capable. Academic Renewal recognizes that such students are often hampered by a previous,

low grade point average, and it offers them the opportunity to use only those classes, taken after readmission, in the computation of their Indiana State University grade point average. Academic Renewal can occur only once, and it is irreversible.

220.2 Requirements

The following conditions apply for eligibility:

1. Five or more years must have passed between the student's previous ISU enrollment and the current term of readmission;
2. Student must not have earned a degree from ISU;
3. Student must be degree-seeking;
4. Only after completion of a minimum of 12 credits with a grade point average of 2.0 or higher; will the student be granted academic renewal.
5. All academic requirements in place at the time of readmission must be met.
6. Students must complete at least 30 credits of Indiana State University course work after readmission to earn a degree.

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

3c5 Proposed Modifications to Policy 360 Sponsored Programs and Institutional Research Compliance (Rename Institutional Research Compliance)

Rationale:

This policy is a part of the three year annual policy review. The proposed changes are intended to reorganize the section on research compliance, develop an explanation of the purpose of compliance, describe the role of the Chief Research Officer, and identify the domains and organizations that conduct compliance reviews.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

Current Language:

360.1 Grants and Contracts Externally Funded

The University encourages faculty and professional staff to seek external support for research and creative projects. External sponsors often provide support for release time, personnel, equipment, travel, and expendable supplies. Because such activities affect the department and often require naming the University as the applicant, rather than the faculty member, all proposals submitted to external agencies or individuals must be approved by University departments/offices affected by the proposed project.

360.1.1 Process for Proposal Approval. Approvals are obtained by routing the proposal electronically through the Office of Sponsored Programs' online system, available on the Sponsored Programs website. This procedure assures coordinated effort and consistent reporting once the proposal is funded. At a minimum, proposal routing must include a grant narrative (sometimes called a Statement of Work) and a detailed budget, including any university funds committed to the project.

360.1.2 Process for Development and Submission of Proposals. To facilitate the development and submission of proposals for external funds, the following procedural steps have been established:

360.1.2.1 Sponsored Programs Office. Faculty members contemplating the preparation of proposals should contact the Sponsored Programs Office. This Office provides valuable information about funding opportunities and has a proposal development specialist to assist with the writing and a specialist to assist with the budget. Seeking assistance while writing early drafts may eliminate potential problems in the routing process once the final draft is completed. It is also important for faculty and staff to discuss ideas with supervisors and any colleagues who might be involved with or affected by the project.

360.1.2.2 Format of Proposal. The prescribed format will usually be set forth in the agency's guidelines and application materials, and some agencies request special forms. The Sponsored Programs Office can aid in the preparation of a

targeted, well-organized, well-written, specific proposal and provide assistance and institutional information needed to complete sponsor forms.

360.1.2.3 Routing Process. Completed proposals should be routed through the Sponsored Programs' online grant system at least ten (10) days prior to the anticipated date of proposal submission.

360.1.2.3.1 Approvals. These materials are to be circulated in the order listed below under "University Compliance Committees" or other applicable compliance committees; chairpersons of all departments affected by the proposed project; deans of all colleges affected by the project; and the Office of Sponsored Programs and Chief Research Officer for final review and approval.

360.1.2.4 Signature Authority. Signature authority for grant and contract proposals, award documents, and sub-agreements vests with the Chief Research Officer, in accordance with [Policy 620 Contract Approval, Signatory and Reporting Policy](#).

360.1.2.5 Submission of the Proposal. When all approvals have been obtained, the Sponsored Programs Office will work with the faculty or staff member to submit the proposal to the funding agency.

360.1.3 Payments. Externally funded or contracted projects will be in an amount agreed upon by the University and the sponsoring agency.

360.1.3.1 Salary of Faculty Member. Time spent on contract research or sponsored instructional activities will be reimbursed to the University out of contract funds, and the faculty and/or staff member will normally be paid no more than his/her established University salary during the academic or fiscal year. Salary amounts charged to state and federally funded projects will always be based upon the individual's institutional base salary.

360.1.3.2 Institutional Base Salary (IBS). The annual compensation paid by the University for an individual's appointment, whether that individual's time is spent on research, instruction, administration, or other activities. IBS does not include extra service pay, consulting, one-time payments or incentive pay. Additionally, IBS does not include payments from other organizations or income that individuals are permitted to earn outside of their University responsibilities, such as consulting.

360.2 Institutional Research Compliance Committees

Indiana State University acknowledges its responsibility to assure scientific and ethical research and to comply with federal mandates. The University has established compliance committees and filed appropriate assurances with the U. S. Department of Health and Human Services. These committees include: Institutional Review Board for the Protection of Human Subjects, Institutional Animal Care and Use Committee, Radiological Control Committee, Institutional Biosafety and Recombinant DNA Committee.

360.2.1 Committee Approval. Proposals requiring special approval from one or more of these committees should be routed to the chairperson of the respective committee(s)

for approval prior to routing to the department chairperson(s). Further information on these committees is available on the Sponsored Programs website.

360.3 Human Subjects Research

Research projects involving the use of human subjects must be approved by the college in which the research project is located.

360.3.1 Approval by Institutional Review Board. The ISU Institutional Review Board for the Protection of Human Subjects must review and deem exempt or approve all projects involving the use of human subjects before the research begins. Once approval has been granted, it is unacceptable to deviate significantly from the approved protocol without again obtaining approval.

360.3.1.1 Confidentiality. It is also improper to violate the confidentiality of a human subject without the subject's approval.

360.3.1.2 Manual. A manual, "Policies and Procedures for the Review of Research Involving Human Subjects", has been prepared to assist all members of the University community in complying with the stated policy of ISU with respect to external and internal research involving human subjects. The attention of the researcher is especially drawn to the code of ethics adopted by the various behavioral sciences professional organizations.

Proposed New Language:

360.1 Institutional Research Compliance

Indiana State University is committed to the responsible conduct of research in its pursuit of scientific inquiry. The responsible conduct of research fosters objective, safe, humane, and legally and ethically compliant practices and environments for scholarly activity. Faculty, students, and staff who conduct their work honestly, accurately, and objectively promote trust in the integrity of research and its value for the public good. Indiana State University acknowledges its responsibility to provide oversight in the responsible conduct of research and to comply with federal mandates.

The Chief Research Officer is the University official responsible for formal assurance and documentation of responsible research conduct and compliance in accordance with institutional and external guidelines. The areas of research oversight include: 1) avoidance of corruptive conflicts of interest, 2) protection of the confidentiality, well-being, and safety of human subjects and participants, 3) provision of humane treatment and environments for animal subjects, 4) adjudication of cases of research misconduct, 5) adjudication of data management and proprietary issues. The Chief Research Officer also serves as ISU's Institutional Official for state and federal grants.

ISU faculty, staff, and students who engage in research are subject to institutional approval and oversight of research activities and are expected to comply with University policies and procedures. Violations of this policy will be managed by the Chief Research Officer, who will publish procedures for investigation and resolution of research misconduct.

To ensure expert review of compliance in the various domains of research oversight, the University has established compliance committees to review institutional research practice, advise the Chief Research Officer, and oversee the filing of assurances to governmental and regulatory entities. The Chief Research Officer appoints the leadership of these compliance committees. The Chief Research Officer is responsible for responding to compliance inquiries by external agencies, in consultation with the relevant committee chair and the General Counsel.

360.1.1 Committee Approval.

Research projects requiring oversight from one or more of the compliance committees must receive approval through the review process before beginning to conduct the research. If a research project involves multiple domains of oversight, the project must simultaneously be reviewed by each appropriate committee.

360.1.2 Review Process.

When oversight is required, the review of a research project is conducted according to guidelines, rules, processes, and timeline developed by the relevant compliance committee and in accordance with responsible practice and federal guidelines. The review typically involves submission and evaluation of a research proposal, followed by committee action to exempt, approve, propose modifications, or reject the project. Once the approval has been granted, it is non-compliant to deviate from the approved protocol without again obtaining approval.

360.2 Human Subjects Research

The committee empowered by federal regulations to review, approve and monitor research involving human subjects in order to assure their protection and welfare is the Institutional Review Board for the Protection of Human Subjects (IRB). Prior to initiating research involving human subjects, project personnel must complete core training in Procedures for Human Subjects Protection. The IRB is responsible for the institutional record-keeping concerning human subjects projects, protocols, and committee business.

360.3 Research Involving Animal Care and Use

The committee empowered by federal regulations to review, approve, and monitor research, research training, experimentation, biological testing, educational or related activities, and facilities housing living, vertebrate animals (other than human beings) for research, is the Institutional Animal Care and Use Committee (IACUC). The IACUC provides oversight to ensure safety and humane treatment and conditions in vertebrate animal research. Prior to initiating research in the above areas, project personnel must complete core training in animal care and use. The IACUC is responsible for the institutional record-keeping concerning animal research projects, protocols, and committee business.

360.4 Research Involving Biohazards

The committee empowered by federal regulations to review, approve, and monitor research activities involving recombinant DNA, transgenic animals, human body fluids, human tissue or cells in culture, human pathogens, potential pathogen sources or other potentially infectious

materials is the Institutional Biosafety Committee (IBC). The IBC provides oversight to ensure safety in biological and biomedical research. Prior to initiating research in the above areas, project personnel must complete core training in biosafety. The IBC is responsible for the institutional record-keeping concerning biosafety in projects, protocols, and committee business. Other compliance areas pertinent to the safety of research participants and environments, but not covered by the domains of these compliance committees, are overseen by the Office of Environmental Safety.

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

3c6 Policy 625 Externally Funded Grants and Contracts

Rationale:

This policy is a part of the three year policy review. Removing this section from Policy 360 Sponsored Programs and Institutional Research because it deals specifically with financial amounts that are of externally funded grants and contracts.

Proposed New Policy:

Policy 625 Externally Funded Grants and Contracts

Proposed Language:

Faculty and professional staff are encouraged to obtain external funding to support institutional activities such as research projects, creative projects, and academic programs that are funded from external sources. These sources include federal, state and local government agencies, nonprofit agencies, universities, professional organizations and foundations. Faculty and staff, who pursue grant or other sponsored program opportunities must consult with the Office of Sponsored Programs (OSP) prior to proposal submission for pre-award assistance and approval processing. The grant/contract agreement authorizing funding of a sponsored program is between the institution and the funder. A full-time faculty or professional staff serves as the Principal Investigator (PI) or Program Director (PD) and is responsible to carry out the activities of the grant/contract agreement. ISU faculty and staff pursuing a sponsored program are required to ensure compliance with institutional research obligations in [Policy 360 Institutional Research Compliance](#). Once the grant agreement or contract has been approved and signed by all parties, the agreement/contract is sent to the Office of Contracts and Grants, for post-award financial administration of the external funds.

625.1 Payments. Externally funded or contracted projects will be in an amount agreed upon by the University and the sponsoring agency.

625.1.2 Salary of Faculty Member. Time spent on externally funded activities will be reimbursed to the University out of contract funds, and the faculty and/or staff member will normally be paid no more than his/her established University salary during the academic or fiscal year. Salary amounts charged to externally funded projects will always be based upon the individual's institutional base salary.

625.1.3 Institutional Base Salary (IBS). The annual compensation paid by the University for an individual's appointment, whether that individual's time is spent on research, instruction, administration, or other activities. IBS does not include extra service pay, consulting, one-time payments or incentive pay. Additionally, IBS does not include payments from other organizations or income that individuals are permitted to earn outside of their University responsibilities, such as consulting.

625.2 Signature Authority. Signature authority for grant and contract proposals, award documents, and sub-agreements vests with the Chief Research Officer, in accordance with [Policy 620 Contract Approval, Signatory and Reporting Policy](#).

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

r

3c7 Proposed Modifications to Policy 901 Programs Involving Minors

Rationale:

The proposed modifications provide for updates consistent with best practices and guidance from the United States Department of Education on the applicability of Title IX to programs involving minors.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

901.1 General

Indiana State University, as part of its educational mission, has many university programs that include minors (defined as individuals under the age of 18), and also allows external organizations to use University facilities for programs that include minors.

901.1.1 Purpose. This policy is designed to present clear instructions and protocols in the event that persons may become aware of any child abuse or neglect exhibited toward minors who are on our campus or in our programs, and to protect against inappropriate behaviors toward such minors; this Policy applies to all University programs and to all users of University facilities, whether a contract for such facility use has been executed or not, unless such use or program is excluded below.

901.1.2 Exclusions. This Policy does not apply to the following activities:

901.1.1.2. Public Events.

901.1.1.2. Minors who are enrolled as students of the University.

901.1.1.3 Minors on campus as part of a group, one-time day visit supervised by an organization (e.g., field trips for the purpose of attending a performance or a campus tour.)

901.1.1.4 Minors who are accompanied by their parent/legal guardian.

901.1.1.2.5 Off-campus programs not administered or supervised by ISU that may utilize ISU faculty, students, or staff in any capacity.

901.1.3-2 Whether an activity is covered by one or more of the exclusions listed above or not, anyone who has reason to believe that a child is a victim of child abuse or neglect has an affirmative duty to make an oral report to Child Protective Services (1-800-800-5556) or to local law enforcement, including the ISU Police Department (812-237-5555).

901.2 Background Checks

Unless there is an exception provided in procedures promulgated under this Policy, programs involving minors must ensure that all faculty, staff, students, volunteers or other personnel who will work with minors have been subject to a criminal background check and sex offender registry check within the last four years, and will comply with procedures under this Policy.

901.2.1 A program shall not allow the participation in the program of anyone whose criminal background check and/or sex offender registry check includes a record of sexually based offenses or crimes against children.

901.2.2 If criminal background checks include a record of other offenses, then programs shall consult with Human Resources to determine if those offenses should preclude participation.

901.3 List of Programs; Notification Requirements.

Units sponsoring programs that include minors and units responsible for University facilities that are used by programs that include minors must maintain an up-to-date list of such programs, and ensure that the ISU Director of Public Safety has been provided notice of an event to occur on campus within a reasonable time before the event takes place.

All programs involving minors will provide notice to participants and parents that Title IX prohibits sex discrimination (including sexual harassment or sexual abuse) against participants in any of the University's education programs or activities.

901.4 Contracts

Contractual agreements concerning personnel or facilities related to programs that include minors must include compliance with this Policy as a term of the contract.

901.5 Ensuring Compliance Reporting Requirements

Academic and administrative supervisors are responsible for ensuring that programs are in compliance with this policy and related notifications-

901.5.1 Indiana law requires any person who has reason to believe that a child is a victim of child abuse or neglect has an affirmative duty to make an oral report to Child Protective Services (1-800-800-5556) or to local law enforcement, including the ISU Police Department.

901.5.2 Both Indiana law and this Policy require that faculty, staff, students, volunteers, and other university personnel report any suspected abuse of minors to the ISU Police Department (812-237-5555). The ISU Police Department will then report such suspected abuse to Child Protective Services, which will then conduct an investigation.

901.5.3 Complaints of sexual harassment or sexual abuse made by a participant or parent must also be reported to the Equal Opportunity and Title IX Office.

901.6 Supplements Other Requirements

This policy supplements, but does not supersede, any other legal requirements (e.g., child care or teacher licensure requirements). It also supplements [Policy 905 Whistleblowers](#) and Indiana law concerning whistleblowing.

901.7 Procedures

The University President shall direct that procedures be developed to comply with this Policy.

901.8 Training

All individuals who have interactions with minors that are covered under this Policy shall undergo training as established by the University Office of Risk Management and by procedures promulgated under this Policy.

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

3c8 Proposed Modifications to Policy 923 Non-Discrimination and Anti-Harassment

Rationale: On May 6, 2020, the Department of Education finalized regulations under Title IX of the Education Amendments of 1972. The regulations address an educational institution's obligation to investigate and promptly respond to allegations of sexual harassment. ISU adopted and updated Policy 923 Non-Discrimination and Anti-Harassment in July 2020. Since that time, ISU personnel have continued to monitor federal guidance and best practices.

As a result, the proposed policy was developed as an update to the July 2020 policy. Major changes include: the addition of a definition section, additional clarity on conduct that would be considered discrimination or prohibited harassment; clarification that Title IX sexual harassment will follow the mandated Title IX hearing procedures while other types of discrimination and prohibited harassment, including other sexual misconduct, will be adjudicated by the investigator, and use of a Title IX hearing committee within Title IX sexual harassment hearings.

923.1 Policy of Nondiscrimination.

Indiana State University prohibits discrimination on the basis of: age, disability, genetic information, national origin, pregnancy, race/color, religion, sex, gender identity or expression, sexual orientation, veteran status, or any other class protected by federal and state statutes. Discrimination based upon any protected class is strictly prohibited in ISU programs and activities or that interferes with the educational or workplace environment. ISU recognizes that discrimination and harassment may take many forms, and it is our collective commitment to respond promptly and vigorously to discriminatory or harassing behavior.

923.2 Definitions

- A. Complainant: An individual who is alleged to be the victim of conduct that could constitute discrimination or harassment.
- B. Consent: Knowing, voluntary, and clear mutual agreement to engage in sexual activity. Consent must be freely and actively given and communicated by clearly and mutually understandable words or actions to participate in each form of sexual activity. Consent may be withdrawn at any time. Consent to some sexual contact cannot be presumed to be consent for other sexual activity including previous consent or the existence of a current or previous relationship. Silence or the absence of resistance is not the same as consent. Lack of consent means:
 - 1. The person has not given consent;
 - 2. The person is incapable of giving consent because of mental, developmental, or physical disability;
 - 3. Force is used or threatened;
 - 4. The person is incapable of giving consent because of judgment-inhibiting intoxication without regard to the intoxicant;
 - 5. The person is not sufficiently conscious to provide consent; or
 - 6. The person is not old enough to give consent. In Indiana, any person who has reason to believe that a child is a victim of child abuse or neglect has a duty to make a report to Child Protective Services or to the police.

- C. **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- D. **Domestic Violence:** A felony or misdemeanor crime of violence committed by (i) a current or former spouse or intimate partner of the victim; (ii) a person with whom the victim shares a child in common; (iii) a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (iv) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; (v) any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Indiana.
- E. **Education Programs or Activities:** All the operations of the University, including, but not limited to, in-person and online educational instruction, employment, research activities, extracurricular activities, athletics, residence life, dining services, and community engagement and outreach programs. The term applies to all activity that occurs on campus or on other property owned or occupied by the University. It also includes off-campus locations, events, or circumstances over which the University exercises substantial control over the Respondent and the context in which the alleged misconduct occurs, including conduct occurring in any building owned or controlled by a student organization that is officially recognized by the University.
- F. **Respondent:** An individual who has been reported to be the perpetrator of conduct that could constitute discrimination or harassment.
- G. **Sexual Assault:** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent, and includes the sex offenses of rape, attempted rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape as defined in 20 U.S.C. §1092(f)(6)(A)(v). The definition of sexual assault encompasses:
1. The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim and regardless of the gender of the individuals.
 2. The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.
 3. Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 4. Sexual intercourse with a person who is under the statutory age of consent.

- H. Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (i) fear for the person's safety or the safety of others or (ii) suffer substantial emotional distress.

For the purposes of this definition, course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

923.3 Categories of Prohibited Conduct

923.3.1 Discrimination.

Discrimination means treating someone differently because of their membership in a protected class (or a perception that someone is a member of a protected class) in matters of admissions, employment, housing, services, or any other educational programs or activities of the University. Disparate treatment discrimination occurs when there has been an adverse impact on the individual's work or educational environment, individuals outside of the protected class have received more favorable treatment, and there is no legitimate, non-discriminatory reason for the action. Disparate impact discrimination occurs when a University policy or practice adversely impacts persons in a protected class even though the policy or practice is neutral on its face.

923.3.2 Prohibited Harassment.

Prohibited Harassment may be categorized as hostile environment harassment or *quid pro quo* harassment. Hostile environment harassment is defined as unwelcome verbal or physical conduct directed toward an individual because of their membership in a protected class (or a perception that someone is a member of a protected class) that has the purpose or effect of substantially interfering with the individual's educational or work performance, or creating an intimidating, hostile or offensive working or academic environment. A person's subjective belief that behavior is intimidating, hostile, or offensive does not make that behavior harassment. The behavior must create a hostile environment from both a subjective and objective perspective and must be so severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives a member of the community of the ability to participate in or to receive benefits, services, or opportunities from the University's education or employment programs and/or activities. In determining whether a hostile environment exists, the University examines the context, nature, scope, frequency, duration, and location of incidents, as well as the relationships of the persons involved.

Quid pro quo harassment occurs where submission to or rejection of prohibited conduct is used, explicitly or implicitly, as the basis for decisions adversely affecting an individual's education, employment, or participation in a University program or activity.

Examples of Prohibited Harassment include offensive jokes, slurs, name calling, intimidation, ridicule, mockery, or displaying or circulating offensive objects and pictures that are based on a protected class. Prohibited Harassment may also include unwelcome sexual advances, requests for sexual favors, physical conduct and other verbal or physical conduct of a sexual nature that falls outside the scope of Title IX Sexual Harassment.

923.3.3 Title IX Sexual Harassment.

Title IX Sexual Harassment is conduct on the basis of sex that constitutes *quid pro quo* harassment, Title IX Hostile Environment Sexual Harassment, sexual assault, domestic violence, dating violence, or stalking and that occurs in the United States and within the University's Education Programs or Activities.

"Title IX Hostile Environment Sexual Harassment" is unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person access to the University's Education Programs or Activities.

923.3.4 Sexual Misconduct.

Sexual Misconduct is sexual assault, domestic violence, dating violence, or stalking that occurs off-campus, in a private setting, and/or outside the scope of the University's Education Programs or Activities.

923.4 Other Harassing, Intimidating, or Physically Abusive Conduct.

Conduct that seeks to intimidate or harass or constitutes unwelcome or abusive physical contact but is not discriminatory is also prohibited by [Policy 410 Code of Student Conduct](#), [Policy 502 Prohibition on Hostile or Intimidating Workplace Behavior](#) and other ISU policies as may be adopted from time to time.

923.5 Commitment to Freedom of Expression and Academic Freedom.

ISU values the principles of freedom of expression and academic freedom, even when speech or academic discourse is uncomfortable and challenging. However, speech that is discriminatory and harassing is not protected and will be subject to investigation and possible disciplinary action.

923.6 Reporting Discrimination and Harassment.

All ISU employees are expected to report discrimination and harassment to the Equal Opportunity and Title IX Office. Those individuals who act in a supervisory capacity or who serve as faculty/staff advisors to ISU student organizations should be especially mindful of the obligation to report discrimination and harassment promptly. Reports of discrimination or harassment should be directed to:

Equal Opportunity and Title IX Office
Rankin Hall, Room 426
Indiana State University
Terre Haute, Indiana 47809
(812) 237-8954
ISU-equalopportunity-titleix@mail.indstate.edu

923.6.1 Confidential Reporting.

ISU has designated certain employees to be confidential resources to students and employees. These confidential resources may be found on the Equal Opportunity and Title IX website.

923.6.2 Review of Reports of Discrimination and Harassment.

ISU has designated the Equal Opportunity and Title IX Office to review all reports of discrimination and harassment. Upon receipt of a report, the Director of Equal Opportunity/Title IX Coordinator will undertake a continuing assessment to determine the form of discrimination or harassment at issue and which adjudication procedures are applicable.

In all matters where the Complainant's identity is known, the Title IX Coordinator will promptly contact the Complainant to discuss the availability of supportive measures; to discuss and consider the Complainant's wishes with respect to supportive measures; to inform the Complainant about the availability of supportive measures with or without filing a formal complaint; and to explain the process for filing and pursuing a formal complaint. The Complainant will also be provided options for filing complaints with the local police and information about resources that are available on campus and in the community.

923.6.3 Filing of Formal Complaints.

Upon receipt of a report of discrimination or harassment, the Director of Equal Opportunity/Title IX Coordinator will contact the Complainant, if their identity is known, and explain the process for filing a formal complaint. A formal complaint is submitted by the Complainant to the Office of Equal Opportunity and Title IX in person, by mail, or by email. The formal complaint must contain the Complainant's physical or digital signature, or otherwise indicate that the Complainant is the person filing the formal complaint. At the time of filing a formal complaint of Title IX Sexual Harassment, a Complainant must be participating in or attempting to participate in the University's Education Programs or Activities.

The Director of Equal Opportunity/Title IX Coordinator has discretion to file a formal complaint even if the Complainant chooses not to, and even if the Complainant chooses not to participate in the investigation or adjudication process. In general, the Director of Equal Opportunity/Title IX Coordinator will seek to respect the Complainant's wishes not to file a formal complaint.

The Director of Equal Opportunity/Title IX Coordinator will file a complaint on behalf of the University in limited circumstances involving serious or repeated conduct or where the alleged perpetrator may pose a continuing threat to the University community. Factors the Director of Equal Opportunity/Title IX Coordinator may consider in deciding whether to file a complaint include (but are not limited to): (a) was a weapon involved in the incident; (b) were multiple assailants involved in the incident; (c) is the accused a repeat offender; and (d) does the incident create a risk of occurring again.

923.6.4 Required Dismissal of Title IX Sexual Harassment Complaints.

At any time during the handling of a formal complaint, the Director of Equal Opportunity/ Title IX Coordinator will dismiss a formal complaint of Title IX Sexual Harassment if it is determined that:

- The conduct alleged in the formal complaint would not constitute Title IX Sexual Harassment if proved;
- The conduct alleged in the formal complaint did not occur in the University's Educational Programs or Activities; or
- The conduct alleged in the formal complaint did not occur against a person in the United States.

The parties will be notified in writing that the allegations of Title IX Sexual Harassment must be dismissed and the reason for dismissal. If the behavior at issue would still, as alleged, constitute Discrimination, Prohibited Harassment, or Sexual or Gender-Based Misconduct, the allegations will continue to be addressed under this Policy and the applicable adjudication procedures.

If a formal complaint of Title IX Sexual Harassment is dismissed for one of the above reasons, the parties may appeal that dismissal using the appeal process described in Section 923.12.

923.6.5 Other Dismissal and Closure.

In addition to the dismissal of a formal complaint for Title IX purposes, the Director of Equal Opportunity/Title IX Coordinator may dismiss a formal complaint if at any time:

- The Complainant notifies the Director of Equal Opportunity/Title IX Coordinator in writing that the Complainant would like to withdraw their formal complaint;
- The Respondent is no longer a student of or employed by the University, as applicable; or
- Specific circumstances prevent the University from gathering evidence sufficient to reach a determination on the underlying allegations of the formal complaint.

If a formal complaint is dismissed pursuant to this section, the parties may appeal that dismissal using the appeal process described in Section 923.12.

923.7 Reports of Other Misconduct.

Reports of misconduct other than discrimination or harassment will be referred by the investigator to the Office of Human Resources for Staff, the appropriate Dean for faculty, or the Office of Student Conduct and Integrity for students, including student employees.

923.8 Alternative Resolution.

The University offers voluntary alternative resolution for complaints of discrimination and harassment, except where the Respondent is a non-student employee accused of committing Title IX Sexual Harassment against a student. Information about alternative resolution can be found in the Complaint Resolution and Investigation Procedures.

923.9 Complaint Resolution and Investigation Procedures; Guiding Principles.

The Director of Equal Opportunity/Title IX Coordinator is responsible for conducting the investigation or assigning an investigator to investigate the complaint of discrimination. The Director of Equal Opportunity/Title IX Coordinator will publish Complaint Resolution and

Investigation Procedures, approved by the President, for all investigations of discriminatory conduct, including sexual harassment. When substantive changes to the procedures are proposed, the Director of Equal Opportunity/Title IX Coordinator or the General Counsel will consult with the officers of the shared governance units about the proposed changes.

The Complaint Resolution and Investigation Procedures will comply with the Guiding Principles for the investigation of discriminatory behavior set forth below:

1. The Investigator will remain fair, objective, and impartial throughout the investigation process and will not have a conflict of interest or bias.
2. ISU will ensure that the Title IX Coordinator, investigators, decision-makers, and any individual who facilitates alternative resolution will receive appropriate training.
3. The investigator will provide sufficient notice to the Respondent and appropriate time to prepare a response before an interview, consistent with the Complaint Resolution and Investigation Procedures.
4. The Director of Equal Opportunity/Title IX Coordinator, in consultation with appropriate university officials, may remove a student Respondent from an education program or activity, including student employment, on an emergency basis if ISU determines that an immediate threat to the physical health or safety of any student, faculty member, staff member or visitor exists arising from the allegations of sexual harassment. The Respondent will be given notice and an opportunity to challenge the decision immediately following removal.
5. Non-student employees may be reassigned consistent with [Policy 501 Principles of Conduct for Faculty and Staff, Section 501.2 Extraordinary Action](#).
6. The Respondent will be presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the adjudication process.
7. ISU, not the Complainant or Respondent, is responsible for gathering information sufficient to reach a determination that Respondent violated the policy.
8. Complainants and Respondents will have an equal opportunity to have a support person or advisor present at interviews, consistent with the Complaint Resolution and Investigation Procedures.
9. Complainants and Respondents will have an equal opportunity to present witnesses, including fact and expert witnesses, and other evidence, consistent with the Complaint Resolution and Investigation Procedures.
10. Complainants and Respondents will have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations in the formal complaint, consistent with the Complaint Resolution and Investigation Procedures.
11. The investigation and determination will be completed reasonably promptly.
12. The investigator will produce a report that will be available to both Complainant and Respondent in a manner consistent with the Complaint Resolution and Investigation Procedures.

923.10 Standard of Evidence.

The standard of evidence in all discrimination matters is preponderance of evidence. The investigator or Hearing Panel (as applicable) will determine whether it is more likely than not that the Respondent violated this policy.

923.11 Determinations of Discriminatory Behavior

The specific procedures for adjudicating prohibited conduct depend upon the nature of the Respondent's relationship to the University, and when a Respondent is an employee or a third party, on the type of prohibited conduct at issue.

923.11.1 Determinations of Discriminatory Behavior.

In all investigations except those involving allegations of Title IX Sexual Harassment, Prohibited Harassment (sexual) with a student Respondent, or Sexual Misconduct with a student Respondent, the assigned investigator will make a determination about whether or not it is more likely than not that discrimination or harassment prohibited by this policy has occurred.

The final investigation report, including the determination, will be provided to the appropriate Cabinet Member(s). The Cabinet Member to whom the Respondent reports will make a determination about disciplinary action or sanctions, if warranted. The appropriate Cabinet Member may take disciplinary action against a Respondent based on the contents of the investigation report and the determination of discrimination.

923.11.2 Determinations of Title IX Sexual Harassment.

Formal complaints of Title IX Sexual Harassment will be adjudicated by a Hearing Panel after the conclusion of the fact-gathering investigation. The Hearing Panel will hold a live hearing that is governed by the Guiding Principles set forth in Section 923.11.6 and conducted in accordance with Hearing Procedures approved by the President. The Hearing Panel will make the determination about whether it is more likely than not that the Respondent engaged in Title IX Sexual Harassment as defined by Section 923.3.3.

923.11.2.1 Disciplinary Outcomes in Title IX Sexual Harassment Determinations.

If the Hearing Panel determines that the Respondent engaged in Title IX Sexual Harassment, federal law requires the Hearing Panel to include the sanction within its written determination. Disciplinary outcomes for students may include, but are not limited to, a conduct warning, conduct probation, mandated assessments, educational requirements, and/or temporary or permanent separation from Indiana State University in accordance with the Code of Student Conduct. Disciplinary outcomes for faculty and staff will be consistent with University policies and procedures related to employee discipline.

923.11.3 Determinations of Prohibited Harassment (Sexual) or Sexual Misconduct (Students).

Formal complaints of Prohibited Harassment (sexual) or Sexual Misconduct involving student Respondents will be adjudicated by a Hearing Panel after the conclusion of a fact-gathering investigation. The Hearing Panel will hold a live hearing that is governed by the Guiding Principles set forth in Section 923.11.6 and conducted in accordance with Hearing Procedures approved by the President. The Hearing Panel will make the determination about whether or not it is more likely than not that the Respondent engaged in Prohibited Harassment, as defined by Section 923.3.2, or Sexual Misconduct, as defined in Section 923.3.4.

923.11.4 Other Misconduct.

In cases where the final investigation report identifies misconduct other than discriminatory conduct, the Cabinet member may refer the matter for further review or take disciplinary action based on the contents of the investigation report. All such disciplinary action will be consistent with ISU policy.

923.11.5 Allegations of more than one form of discrimination.

If more than one form of discrimination is alleged, the investigator will make the determination regarding all allegations of discrimination or harassment that would not otherwise be determined by a Hearing Panel pursuant to this policy.

923.11.6 Hearing Procedures; Guiding Principles.

The Director of Equal Opportunity/Title IX Coordinator will publish Hearing Procedures, approved by the President, for all adjudications of Title IX Sexual Harassment, Prohibited Harassment (sexual), and Sexual Misconduct. When substantive changes to the procedures are proposed, the Director of Equal Opportunity/Title IX Coordinator or the General Counsel will consult with the officers of the shared governance units about the proposed changes.

The Hearing Procedures will comply with the following Guiding Principles:

1. The Hearing Panel will remain fair, objective, and impartial throughout the investigation process and will not have a conflict of interest or bias.
2. ISU will ensure that the Hearing Panel and Advisors provided by ISU will receive appropriate training.
3. All Complainants and Respondents will be entitled to have an Advisor present during the hearing, and the Advisor will have the opportunity to question witnesses, the investigator, and the other party. The Complainant and Respondent may choose the Advisor, or, at the request of the Complainant or Respondent, ISU will provide the Advisor. No party will be allowed to ask questions of any witness, the investigator, or the other party.
4. All Complainants and Respondents will be entitled to have a support person, subject to the Hearing Procedures.
5. The hearing may, at the request of any party, be conducted in separate areas, and connected to the hearing using technology resources.
6. The Respondent will be presumed not responsible for the alleged conduct until a determination regarding responsibility is made final.
7. Complainants and Respondents will have an equal opportunity to present information to the Hearing Panel, consistent with the Hearing Procedures.

923.11.7 Notification to Complainant and Respondent.

In all investigations of discriminatory conduct, both the Complainant and the Respondent will be notified in writing of the determination and, where appropriate, the disciplinary outcome.

923.12 Appeal.

Either party may appeal the determination to the President on the following grounds:

1. Procedural irregularity that affected the outcome.

2. New evidence, not reasonably available at the time of determination or dismissal was made, that could reasonably affect the outcome.
3. Conflict of interest or bias that affected the outcome of the hearing.

The Director of Equal Opportunity/Title IX Coordinator will publish Appeal Procedures, approved by the President, for all investigations of discriminatory conduct, including sexual harassment. When substantive changes to the procedures are proposed, the Director of Equal Opportunity/Title IX Coordinator or the General Counsel will consult with the officers of the shared governance units about the proposed changes.

The President's decision on the merits of the appeal will be final.

923.13 Retaliation.

Retaliation against participation in the reporting, investigation, or determination of discriminatory or harassing conduct is prohibited and will constitute a separate violation of this policy.

923.14 Campus Notifications.

The Director of Equal Opportunity/Title IX Coordinator will cooperate with the ISU Chief of Police on any notifications to the campus about health and safety emergencies that might arise because of a report of a violation of this policy.

923.15 Privacy.

All reports of discrimination will be treated with the maximum possible privacy.

923.16 Training.

Those individuals involved in investigation, adjudication, and appeal of allegations of discrimination and harassment will be provided appropriate training and education. The President may require training or education of all employees and students on this policy.

Recommendation: This information is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the June 2021 meeting of the ISU Board of Trustees.

3d Candidates for Degrees May 2021

Recommendation: Approval of the candidates for degrees subject to completion of the requirements.

Motion made by: Randy Minas
Motion seconded by: Cynthia Powers

The recommendation was approved.

Candidates for Degrees

Doctor of Athletic Training

Arredondo, Sam Garrett
Barnes, Precious Nicole
Barter, Eliza Watkins
Benedict, Jennifer Elizabeth
Biggs, Lindsey Nicole
Colletti, Benjamin Joseph
Collins, Megan Marie
Cruze, Elizabeth Marie
Dobrowolski, Daniel Joseph
Fendrick, Kylie Janeen
Hofmann, Dyllan Wayne
Holmes, Karen Leigh
Jackson, Oliva June
James, Brittany Ann
Lee, Nicole Marie
Lozano, Micaela Erin
Meskimen, John Dale
Roberts, Jodee Michelle
Stanton, Brea Marie
Waterman, Daniel Charles, Jr.
Wright, Shannon Maree
Young, Justin

3f New Programs, Sport Management Minors in Sport Facility & Event Management, Sport Marketing and Revenue Generation, Sport Administration and Commerce, Sport for Recreation, and Athletic Team Management

These minors allow for specialization by students in sports management fields. These minors are all 15 credits hours, with the exception of the Sport Marketing and Revenue Generation minor which is 18 credit hours. These minors can be taken by students in any other major field as well without prerequisites.

Recommendation: Approval of the 5 sports management minors, effective Fall 2021.

Recommendation to accept 3f, 3g, 3h, and 3i.

Motion made by: Cynthia Powers

Motion seconded by: Kim Smith

The recommendation to accept 3f, 3g, 3h, and 3i was approved.

3g New Program, Undergraduate Certificate in Professional Communication

This online certificate provides knowledge and practice of essential skills such as problem-solving, adaptability, teamwork, conflict management, executive functions, and leadership. The program includes courses related to interpersonal, group, and organizational communication.

This program will be available online only. Approval by the Indiana Commission of Higher Education is required.

Recommendation: Approval of the certificate program, effective Fall 2021.

Recommendation to accept 3f, 3g, 3h, and 3i.

Motion made by: Cynthia Powers

Motion seconded by: Kim Smith

Roll Call Vote:

The recommendation to accept 3f, 3g, 3h, and 3i was approved.

3h New Programs, Economic Public Policy Certificate and Minor

These 2 programs provide further study economics relevant to public policy issues. The certificate is 12-15 credits and the minor is 18 credits. Both will be available online and open to students in any field. The certificate can be completed by non-degree seeking students. The certificate will require approval from the Indiana Commission of Higher Education.

Recommendation: Approval of the minor and certificate in Economic Public Policy, effective Fall 2021.

Recommendation to accept 3f, 3g, 3h, and 3i.

Motion made by: Cynthia Powers

Motion seconded by: Kim Smith

The recommendation to accept 3f, 3g, 3h, and 3i was approved.

3i New Programs, Graduate Certificates in Communication

These 4 programs provide specialization in communication studies at the graduate level for degree seeking and non-degree seeking students. The programs will be available online and on-campus. Each certificate is 15 credits, and a student cannot complete more than 1.

Certificate in Public Advocacy Communication
Certificate in Health Communication
Certificate in Digital Media Communication
Certificate in Communication Leadership

The certificates will require approval from the Indiana Commission of Higher Education.

Recommendation: Approval of the 4 graduate certificates in communication, effective Fall 2021.

Recommendation to accept 3f, 3g, 3h, and 3i.

Motion made by: Cynthia Powers
Motion seconded by: Kim Smith

The recommendation to accept 3f, 3g, 3h, and 3i was approved.

3j Naming of the Dr. Robert and Carolyn Steinbaugh Endowed Professor of Business

This item requests the Board of Trustees to approve naming of an endowed professorship, the Dr. Robert and Carolyn Steinbaugh Endowed Professor of Business in the Scott College of Business in recognition of a \$1,010,530 gift from Carolyn Steinbaugh.

Dr. Robert Steinbaugh was a faculty member at ISU from 1957 until his retirement in 1991. He earned his B.S., M.A., and Ph.D. from The Ohio State University. Prior to joining the business faculty at ISU, he was a professor at Miami University in Ohio from 1953 to 1955 and at The Ohio State University from 1955 to 1957.

During his 34-year career at Indiana State, Dr. Steinbaugh taught business courses in management and finance. He served as department chair from 1957 to 1984 and was active in faculty government. Dr. Steinbaugh is remembered by former students as demanding but fair. He was a teacher and scholar who recognized and appreciated engaged students eager to learn and equally eager to meet high standards. He is remembered as a generous and engaged colleague who worked collaboratively with faculty to expand curriculum and meet the shifting needs of students and their future employers during a dynamic period.

Prior to his death, Dr. Steinbaugh and Carolyn provided financial support to the College of Business and was especially supportive of its relocation to Federal Hall. The couple made previous gifts to name the Dr. Robert P. Steinbaugh Faculty Resource Library in Federal Hall.

During more than three decades, Dr. Steinbaugh was integrated into the ISU campus as a teacher, scholar, colleague, and advocate – someone who influenced the lives and careers of countless students, was valued by his peers in the academic community, and deeply committed to the future of Indiana State University. It is fitting that a career of such impact and influence be remembered in perpetuity by Mrs. Steinbaugh's generous gift and by the enduring recognition of the importance of teaching by this designation.

Recommendation: Because the amount of the gift for this naming opportunity is consistent with the University's policy, leadership recommends naming the Dr. Robert and Carolyn Steinbaugh Endowed Professor of Business in the Scott College of Business.

Motion made by: Randy Minas

Motion seconded by: Kathy Cabello

The recommendation was approved.

3k Focusing on Our Future Together: A Strategic Plan for Indiana State University, 2021-2025

The Board of Trustees established the priorities for the University's new strategic plan at a special meeting on September 6, 2020. With the priorities established by the governing board, the University kicked off a collaborative process to develop the plan's goals, strategies to drive progress on those goals and key performance indicators which will be used to measure progress. The process was led by Dr. Brad Balch, dean emeritus of Indiana State's Bayh College of Education and professor of education with assistance from Teresa Exline, Chief of Staff. Members of the President's Cabinet served as co-chairs of the plan's five goals. In addition, each goal had a planning committee which included representatives from each governance unit as well as other individuals whose job responsibilities are related to the goal.

The academic year-long process engaged more than 1,000 respondents through goal committee meetings, sessions with the university's governance units and other internal and external leadership groups, one-on-one and small group open sessions and a series of campus-wide surveys.

The draft plan was shared with the Board of Trustees and campus during a work session conducted in conjunction with the Board's February 19, 2021 meeting.

Since February, additional input has been sought from internal and external stakeholders to develop the final version of the four-year plan which is now being presented for endorsement by the Board of Trustees. By endorsing the plan, the Board of Trustees recognizes that the plan will be continuously monitored and adjusted to ensure progress throughout the four-year period. President Curtis will provide progress reports to the Board along with updates on how various elements of the plan evolve during its implementation.

Recommendation: Endorsement of the "Focusing on Our Future Together" strategic plan by the ISU Board of Trustees.

Motion made by: Tanya McKinzie

Motion seconded by: Cynthia Powers

The endorsement was approved.

3I Presidential Contract Extension

Trustee Taylor presented the item and made remarks as follows:

For those of you who has been following this topic, you will remember that we had begun the process of considering Dr. Curtis renewal early last year. One of the key elements of that process is a 360-degree external review of performance that has historically involved some 80 or so face-to-face interview of various interested ISU constituents. We were just about to move from planning to action on that when COVID hit the fan, so to speak, in mid-March and just about everything locked down. Amongst all the uncertainty, it wasn't clear to us how we would be able to execute the plan as it existed and if so, in what time frame it could be accomplished with fidelity. With all of this and other considerations, the Board elected to extend the contract one year to allow the process to go forth this year in a more certain and planful way. As events have unfolded, I'm even more convinced that it was the right decision at the time, which brings us to today and consideration of the president's contract renewal. The 360-degree review was completed. The project was ably overseen by Vice Chair Cabello and the facilitator was Dr. Stephen Reno of the American Association of State Colleges and Universities. Over 80 faculty, staff, students, alumni and other external partners participated, and I want to publicly thank them for their input. It was Dr. Reno's task to distill these many, many hours of interviews for our consideration. At the end though, though it wasn't his job, he offered the Board a bit of advice, with which I profoundly concur. He said the Board's decision in the end is not about the past few years it's about the future and whether the President and her team can formulate a plan for the future, resource it, and be confident it can be accomplished. This was my personal belief all along, but it was great to hear him confirm it. It is fortuitous that this is the year of our new Strategic Plan. It doesn't always turn out that way. The contract extension and the Strategic Plan seldom coincide. It happened this year, and for the Board this strategic plan, which the Board just endorsed, was a key consideration along with her past performance in our decision. This plan is a big deal. We are on board with it, and we will monitor progress. So, at this point I will open the floor to comments by trustees. I will then introduce the formal resolution to extend the president's contract for three years to June 30, 2025 at the president's current salary arrangement. This will be done by contract addendum because that's really all there is to it.

Chair Taylor then invited other trustees to comment. Trustee Cabello thanked those who participated in the 360-degree review and said she looks forward to the activation of the strategic initiatives, noting that she is confident in the success of the plan.

Trustee Minas indicated that he's been involved in three or four of these reviews, and he noted that the process for review was carried out thoroughly and thoughtfully, and he fully endorses the contract extension.

Trustee Powers also thanked Dr. Curtis for engaging in the 360-degree review process and noted that she was excited and looking forward to Dr. Curtis' leadership in executing the strategic plan keeping us all charged up and focused on all of the plan's objectives.

Trustee McKinzie then moved to accept an extension of President Deborah Curtis' presidential contract for an additional three years to end on June 30, 2025, consistent with the current salary arrangement and as presented to the trustees.

**EMPLOYMENT EXTENSION
FOR THE
PRESIDENT OF INDIANA STATE UNIVERSITY**

THIS AMENDMENT TO EMPLOYMENT AGREEMENT (the "Second Amendment") dated May ____, 2021 between Dr. Deborah J. Curtis (the "Employee"), and Indiana State University, an Indiana institution of higher education authorized under the laws of the State of Indiana (the "University").

WHEREAS, through legislative action of the State of Indiana General Assembly, the Indiana State University Board of Trustees (the "Board") has been empowered to hire employees of the University;

WHEREAS, following a national search conducted in accordance with the provisions of the University Handbook, Deborah J. Curtis ("Employee") became President of Indiana State University on January 2, 2018, and further the Board and Employee entered into an employment agreement ("Initial Employment Agreement") effective January 2, 2018 to June 30, 2021;

WHEREAS, because of the impact of COVID-19 on University operations, the Board approved a one-year contract extension of the Initial Employment Agreement on May 8, 2020 and the parties executed the extension ("Contract Extension").

WHEREAS, the Board engaged the American Association of State Colleges and Universities ("AASCU") to facilitate a comprehensive collection of input regarding the President's leadership and performance from the campus community, local community, alumni, donors, and other external constituencies to provide information to the Board about the President's leadership of the University since 2018;

WHEREAS, the Board has considered the results of the presidential assessment and endorsed the strategic plan as presented for the next four years, the Board concludes that Employee has demonstrated effective leadership during the recent and ongoing unprecedented challenges of COVID-19, and further concludes that Employee continues to possess the leadership, management and financial skills to be an effective President of ISU; and

WHEREAS, the University desires to continue Employee's employment as President of the University, and Employee desires to continue employment with the University as President following the end of the Contract Extension term for a period of three additional years on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the mutual promises, covenants, and conditions contained herein, and of this valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree to extend and amend the Initial Employment Agreement as follows:

1. Section 2.1 Term is hereby amended to extend the term of the Initial Employment Agreement to June 30, 2025. The terms of employment shall be governed by the Initial Employment Agreement and this Amendment.

2. Section 3.1 Base Salary is deleted in its entirety and amended as follows:

3.1 Base Salary. The base salary shall be Three Hundred Forty-Five Thousand and One Hundred Dollars (\$345,100.00) per annum, payable in equal monthly installments on the first day of the month following the month in which service was rendered. Base salary for subsequent years shall be determined by the Board of Trustees on an annual basis; provided however, during the Term of the Agreement, Employee's base salary may be increased but not decreased. Notwithstanding the foregoing, Employee will be eligible for across-the-board annual salary increases available to University employees.

3. All other provisions of the Initial Employment Agreement remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

INDIANA STATE UNIVERSITY

EMPLOYEE

By: Jeffrey W. Taylor
Chair, Indiana State University
Board of Trustees

Deborah J. Curtis, Ph.D.

Trustee Cabello seconded the motion.

Roll Call Vote:

Kathleen Cabello, yes
Robert Casey, yes
Tanya McKinzie, yes
Randall Minas, yes
Edward Pease, absent
Casey Phillips, yes
Cynthia Powers, yes
Kimberly Smith, yes
Jeff Taylor, yes

The extension of President Deborah Curtis' presidential contract for an additional three years to end on June 30, 2025, consistent with the current salary arrangement was approved.

3m Appointment of Nominating Committee

A nominating committee shall be appointed by the Chair of the ISU Board of Trustees to present a slate of officers at the annual meeting.

Chairperson Taylor announced the following appointment of members to the nominating committee.

Chair: Randy Minas

Committee Members: Tanya McKinzie and Bob Casey

4a University Investments

In accordance with the Board of Trustees approved investment policy, the University Treasurer is responsible for management and oversight of all investments. The University Treasurer is to provide a quarterly investment performance review of all funds to the Board. Below is the quarterly report for the period ending March 31, 2021.

4b Financial Report

Revenues

State Appropriations Operational

The State of Indiana due to loss of tax revenues related to COVID-19 placed a reserve of 7 percent on the University operating and line item appropriations for fiscal year 2020-21. This amounts to \$5,044,478 reduction of operating appropriation. The University has reserved \$3.0 million of carry-forward budget to help offset this loss.

State Appropriations Debt Service

The base budget was increased by \$1,351,241 to reflect Student Fee Bonds Series T, Dreiser Hall, fee replacement reimbursement by the State.

Student Tuition

Fall semester of \$41.1 million is below budget by \$1.6 million and Spring tuition of \$36.2 million is below budget by \$3.0 million. The University has budgeted \$4.0 million as a reserve to offset this shortfall. Summer school tuition totals \$3.5 million which reflects only the second half of summer as this crosses the fiscal year.

Other Fees and Charges

Other Fees and Charges are below last year by \$33,079. This is a result of reduced undergraduate and graduate admission application fees, change of course fees and late registration fees and is partially offset by increased collection fees

Other Income and Transfers

Other Income and Transfers are down from the prior year by \$668,522. This is a result of the reduction of Residential Life Utility reimbursement due to taking Lincoln Quad off-line and reduced cost-recovery on federal and private grants.

Encumbrances and Carryforward

Encumbrances and Carryforward increased by \$2,313,809 from the prior year. Encumbrance decreased by \$596,795 while carryforward increased by \$2,910,604. This increase in carryforward is due to reduced student wages, travel and office supplies as the result of reduced operation resulting from response to COVID-19. The University has reserved \$3.0 million of this to help offset the loss of state appropriation.

Reimbursements and Income Reappropriated

Income from these sources are down \$778,281. This is a result of reduced lab fee revenue and timing of fund transfers.

Expenses

Compensation

Compensation Expense is below last year's total by \$4.4 million. Salaries and Wages are down \$3.7 million due to reduced administrative, instructional, support staff, overtime, and student wages. Fringe benefits decreased by \$0.7 million due to reduced medical, retirement, and FICA that was partially offset by increased retirement incentive pay and unemployment.

Departmental Expenses

Departmental Expenses decreased by \$3.4 million. Supplies and Related Expenses decreased by \$3.5 million due to reduced costs in travel, marketing, and other supplies. Repairs and Maintenance costs remained stable while Other Committed Expenses increased due to property insurance.

Utilities and Related Expenses

Utilities and Related Expenses are below last year's total by \$0.5 million reflecting lower electricity costs.

Equipment and Other Capital

Equipment and Other Capital expenditures are down \$2.8 million. Operating Equipment expenses are down \$0.2 million and Capital Improvements are down \$2.6 million due to timing of transfers for summer capital projects.

Student Scholarship and Fee Remissions

Student Scholarship and Fee Remissions shows a decrease of \$0.1 million. The overall scholarship budget shortfall is projected to be \$2.7 million. The Sycamore Technology award is down by \$0.4 million that reflects lower enrollment. The expected \$0.9 million reversion will be used and is reflected in the overall scholarship shortfall.

Academic Debt Service

Academic Debt Service includes fee replacement for academic facilities that are funded by the State of Indiana and the non-fee replaced debt service that is funded by interest income. The increase of \$3,710,946 includes the balloon payment of Series P and the addition of Series T.

Budgeted Reserve

The Budgeted Reserve of \$4,000,000 will be used to cover tuition revenue shortfalls.

Transfers Out and Program Fees

Transfers Out and Program Fees decreased by \$126,305.

Reserve for State Appropriation

Reserve for State Appropriation reflects the \$2,986,395 set aside to help offset the reduction in state operating appropriation revenues.
