Call Meeting to Order – Kathy Cabello

With a quorum being met Chair Trustee Kathy Cabello called the meeting to order at 10:17 a.m.

Report of the Faculty Senate Chairperson – Given by Vice Chairperson Liz Brown

Welcome to ISU and the spring semester. I am pleased to report that the faculty senate has been busy—already—in its review of policy, procedure, and curriculum. Today, I want to draw your attention to two items:

1. The first is the new program, Leadership and Professional Development, under consideration today for approval on your agenda. While there was much debate on the program at senate, the debate was wide-ranging, and ultimately, the majority of faculty senate approved the proposal before you. The program, importantly, is a degree completion program, aimed at the tens of thousands of Hoosiers who have some college credit but no degree. Importantly, many of these people have some credits from ISU. The program offers flexibility and numerous paths for students to complete their degree, while furthering their career training. It is our hope that the program will recruit, retain, and ultimately graduate many former ISU students, who stopped out for a variety of reasons over the years.
2. Second, faculty senate overwhelmingly passed a resolution in opposition to HB 1134, which confirms ISU faculty support of K-12 educators and opposes the proposed legislation.

I hope you will support us in our efforts to train and provide safe, educational spaces for both future teachers and *all* ISU students to explore, examine, and analyze the difficult issues facing our society in the twenty-first century.

Thank you

Report of the Staff Council Chairperson – Morgan Leek

Good morning everyone!

We currently are accepting nominations for new Staff Council representatives for this next year. We will be hosting a Zoom Q&A for those that are hesitant about joining due to not knowing the exact commitment. The information regarding this Zoom session will be going out at the beginning of next week. The committees of our council have been working hard to accomplish their charges that were set out at the beginning of the year.

Our Staff Benefits committee has been working closely with Human Resources on identifying different ways to promote a better work life balance. They have also been in communication with the Student Recreation Center on how to get our staff more involved in their physical health. The committee has submitted a few proposals that have been forwarded to the Executive Committee for review. We hope to be able to discuss those at our next Executive Committee meeting at the beginning of March.

Our Staff Relations committee worked with Community Engagement on clarifications regarding our Community Service Leave that we are provided as staff. Following their meeting, they were able to provide a brief Q&A that clarified some of the staffs concerns in how to utilize this time and the process. This Q&A was featured in a newsletter that was sent out in the fall. The Staff Relations committee has also been working with Human Resources regarding the staff evaluations process. The committee has prepared a survey that will be disseminated within the next month, to the campus. We would appreciate any feedback from our staff.

Our Public Relations committee has been very busy with planning events to try to boost the morale for our staff. Some of which include the fan favorite, Lunchtime Bingo and an upcoming Easter Egg Hunt. The committee will also be doing two more fundraisers before the end of the academic year. They will be returning with the “Build a Bear” event that will allow families to stuff their own animals from the selection that will be provided. The other fundraiser that will happen prior to the end of the year will be the annual carnations sale for Administrative Professionals Day. The information for this sale will be going out in March. This is a small gesture that can be done to appreciate the hard work that our administrative staff do daily. The funds raised from these sales will go to our Staff Council Scholarship fund.

In closing, I want to acknowledge our staff for all the hardships that they have been through the past few years and continue to go through now. From taking on additional duties, learning how to do things in a different way than they ever have, and still coming to work every single day with more external pressures than there ever have been before. The work you are doing is not going unnoticed and

we are hoping that we are headed towards some relief soon. Thank you for continuing to show up and make the commitment to our university and students every day.

Thank you for your time!

Report of the Student Government Association President – Austin Nettrouer

First, let me express that today is a day of celebration and reflection for the student body at Indiana State University as it is Friday of finals week. This semester presented multiple obstacles for great portions of our student body as represented in their engagement with university services. Although this was a semester of struggle for many, the student's actions decided that it be remembered as a semester of perseverance as they enter a well-deserved break.

For the Student Government Association, we also reflect on a semester of perseverance and resurgence.

I start by following up from my last report regarding student organizations on campus. Due to the extensive efforts of our cabinet and Senate, Student Government will assist in the funding of 37 student organizations for their programming in the Spring Semester. 37 for one semester as opposed to 5 total the previous year.

I am proud to report that the student body once again recognizes the opportunities and resources available for them with Student Government as seen this semester. Students are reaching out to our Academic Affairs Director for concerns in the classroom, student organizations are wanting to pair with us for Engagement, Health and Wellness, and Inclusive Excellence Initiatives/events, and individual students, not in SGA, are outreaching wanting to know what they can do to be involved in our initiatives, wanting to know what they can attribute.

Internally, our SGA Senate reflects the interests and demographics of the student body better than it has in recent time, truly reflecting a culmination of the varying sectors of student interests, identities, and perspectives on campus. I mean this when I say Student Government has developed an advantageous intimacy with the student body I have not witnessed in recent time.

We are excited to continue to exploit this opportunity and relationship in the spring semester as SGA itself will expand from a sole advisor as in previous years to the development of an inclusive advisory board with multiple individuals throughout Student Affairs and campus attributing to the development and prosperity of student government.

I affirm that the soul of the Student body at ISU is as strong as ever, and I conclude with this quote from Historian Thomas Carlyle which I believe encapsulates the sycamore student this semester: "Permanence, perseverance and persistence in spite of all obstacles, discouragements, and impossibilities: It is this, that in all things distinguishes the strong soul from the weak.

Thank you.

Report of the Vice President for Advancement and CEO of the ISU Foundation – Andrea Angel

Good morning trustees, President Curtis, colleagues and guests. I am honored to provide an update on the activity and results of the Division of University Advancement. Today I will share with you an update on the fundraising progress through the fiscal year, Give to Blue Day (which is right around the corner on March 16) and a special date to hold for this fall.

I am pleased to report on our private giving results through January 2022, seven months of our fiscal year. \$15.4 million has been raised in private support through gifts of cash, cash pledges, gift-in-kind or planned giving. Gifts have been made from 4,310 donors and 17 new endowed funds have been created in support of the University. Due to the generosity of our donors, the foundation team is tracking ahead of progress on all five of our development goals to-date.

Give to Blue day is set for Wednesday, March 16! Our fourth-annual day of giving will take place, inspiring joyful giving from Sycamores across the country and world. The advancement team has worked diligently to prepare for this day, securing many matching or challenge gifts to inspire others to give back on Give to Blue Day. I want to thank those of you that have already committed to a match or challenge gift for the day. Please join me in giving boldly on Wednesday, March 16!

As we have discussed previously, we are in the leadership phase of the next comprehensive campaign for Indiana State University. I am proud to announce today that we will go public with the campaign this fall, well September 16 to be exact. Save the date now as we will celebrate early campaign gifts, recognize our amazing volunteer leadership, and announce our goal for the campaign on September 16.

Thank you!

Report of the University President – Deborah Curtis

Good morning!

WORK SESSIONS

I would like to begin by thanking Vice President Michele Soliz, Provost Chris Olsen and Vice Provost Jason Trainer, for their work session presentations yesterday afternoon. Both sessions provided a deeper understanding of these important operations. There is so much work going on every day that is out of view for most people yet is laser-like focused on educating and graduating our students. These two sessions provided a brief taste of the continuous drive towards excellence our collaborators carry out day in and day out. It should be emphasized often that we continue to be proud to graduate thousands of students. The persistence of freshmen from fall to spring increased by 5 % to an 80% persistence rate for spring 22. Students in our Lilly Grant Project Success cohorts have seen great increases in persistence. This group of 21st Century Scholars are persisting consistent with our campus rates with an increase in 13 percentage points closing the gap with the total student body. We are seeing similar improvements in persistence for African American students in the grant cohort persisting at a rate 9% higher spring 21 to spring 22, and Hispanic students in this group are persisting at a rate 13% higher spring 21 to spring 22. Our strategies are working, and we look forward to continued improvements in the coming months. Many thanks to each of you and your colleagues for this critical and demanding effort.

PERSONNEL UPDATES

Here are a few personnel updates.

- Since the Board last met, we concluded our national search for Provost and Vice President for Academic Affairs. I am pleased that our own Dr. Chris Olsen, former dean of the College of Arts and Sciences, was selected and has accepted this new role which he has held in an interim basis since last March. Dr. Olsen is a well-respected member of the campus community and his wide-ranging experience, leadership and dedication to ISU's unique mission will help advance our University's strategic goals.
- Provost Olsen has been at Indiana State since 1999 when he joined our Department of History Faculty. He chaired that department from 2002 to 2016 before becoming Dean of the College of Arts and Sciences. Last March, he stepped in as Interim Provost and Vice President for Academic Affairs when Provost Mike Licari left to become President at Austin Peay.
- Dr. Olsen earned his Ph.D. in United States history from the University of Florida, his master's from the University of Nebraska and his bachelor's degree from North Dakota State University.

Provost Olsen – Would you like to say a few words?

Provost Olsen thanked the President and Board of Trustees and stated that he is happy to be here serving in this role.

- Thank you, Chris. We are delighted to have you on our leadership team.

- The search for a new dean for the College of Arts and Sciences is underway with Dr. Brad Balch chairing the search committee.
- We are also joined today by our new Executive Director of University Marketing. I would ask that Vice Provost of Enrollment Management, Dr. Jason Trainer, introduce her.

Jason introduced Shonta Sellers and invited her to say a few words.

Thank you, Shonta and welcome to the ISU family. We are looking forward to working with you.

- Lastly, I would like to formally introduce our incoming Chief of Staff, Rex Kendall, whom you all already know. In that role, he will also serve as the liaison to the Board of Trustees. He begins his duties on March 1. We are in the process of filling his current position as Executive Director of Alumni Engagement and anticipate announcing an interim appointment soon. Welcome to this new role, Rex.

VOTE CENTER

I am so pleased to announce that our campus will once again be the site for a voting center for the May 3rd primary elections. As you are aware, we encourage our students to be engaged in their communities and exercise the important right of voting. Indiana State was once again listed in the Washington Monthly release of America's Best Colleges for Student Voting, announced in August of 2021. They describe the list as, "The schools doing the most to turn students into citizens." Huge thanks to our Student Government Association, the State of American Democracy Project, Vice Presidents Rogers and Soliz, and everyone involved in bringing this opportunity to participate in civic engagement to our campus yet one more time. Indiana State will be one of 17 voting sites in Vigo County.

COVID UPDATE

At our last meeting, we detailed the next steps our campus has taken to address the shifting pandemic landscape by launching **the Sycamore Community Health Initiative**. This initiative was undertaken to do our best to manage potential COVID spread among our students, faculty and staff. It is clear that this initiative was effective in its two goals to:

1. Increase the percentage of students, faculty and staff who were vaccinated and provide verification of vaccination to a secure site, as well as
2. Test those without vaccination verification to identify active COVID cases in an attempt to avoid further transmission of the virus.

These efforts allowed us to operate at near normal conditions with face-to-face instruction, events and activities. I remain extremely proud of the way our campus has navigated these past two years. Our total verified vaccination numbers are now above 77% while the number of students and employees with active cases has dropped to less than 15. We are pleased to be at this point. We will continue to monitor the advice of the CDC as well as state and local health officials to determine any adjustments that may be needed to our current procedures. As it has

been for the past nearly two years, the conditions continue to shift, and we will respond appropriately.

FAFSA Legislation

Currently at our State House there is working going on to promote some legislation that stands to have a huge impact, not only on the citizens of this great state, but on the students and families who choose Indiana State University for their university home. The FAFSA, or Free Application for Federal Student Aid, is a required step for high school graduation in eight states with another 8 considering it. At this time I'd like to ask Greg Goode to provide a brief update on where we stand in Indiana right now on this crucial issue.

Greg gave an update on the FAFSA Legislation.

Thank you, Greg.

GIVE TO BLUE DAY

I would like to remind everyone that this year's **Give to Blue Day** will take place from midnight to midnight on Wednesday, March 16. Please consider the following ways you can participate:

1. Become a matching donor to match the gifts of others toward a specific area or program of the university;
2. Create a challenge to inspire other Sycamores to give;
3. Become a social ambassador and spread the word about **Give to Blue Day** on your social media accounts; and of course,
4. Make a personal gift to support our University.

We are excited about this year's 24-hour event and look forward to sharing the results of this major fundraising project with you.

RETIREMENT OF TERESA EXLINE

Finally, I'd like to take this opportunity to extend my very best wishes to Chief-of-Staff Teresa Exline on the occasion of her retirement from Indiana State University next week after 34 years of service and friendship to this great institution.

That concludes my report.

Report of the Board Chairperson – Kathy Cabello

Thank you, Dr. Curtis. Good morning to everyone.

It is exciting to hear about the progress towards strategic goals yesterday and updates today on how the campus has adapted to the change in environment. I am really excited about how they are embracing of Indiana State University Advantage. That is something that for me personally, when I talk about it to other people, is very exciting. People are very excited to hear about it. Please keep talking about that.

President Curtis, I would like to commend you on the exceptional leadership team you have assembled. It is a pleasure today to publicly congratulate and welcome Dr. Chris Olsen to your first Board of Trustees meeting as our official Provost and Vice President for Academic Affairs, so welcome. We are so pleased, and we are excited to see what you are going to be doing and really build on your impact on university.

Welcome to all of our new university members. There are additions that have come out of the team transitions, we are so excited to see the impact you are going to make on our university. Thank you very much.

Our semester is in full swing and that is because the entire Sycamore community is making that happen. Students, staff, faculty and leadership, you have committed to maintaining a healthy environment on campus through the Sycamore Community Health Initiative, and it is appreciated.

I have spoken to students over the past several weeks, and they have reiterated to us how glad they are to be back on campus and able to attend in-person classes. You can see the joy in their faces when they talk about that. It is incredible where we are today. I appreciate everyone for the tireless effort that you have made to get us to the point and making 2022 a great start to the year. We are back on track. Thank you, everyone.

As we honor Black History Month, I have enjoyed seeing the many events on campus and the celebration of the achievements of our Black and African American students, alumni, faculty, and staff. They are making an impact not only here in the state, but across our nation. I encourage you all to continue learning about and celebrating our diverse community, and its deep roots and the impact beyond just this month, I thank you for that.

Yesterday, several of our board members participated in the Trustee-in-Residence Program that Dr. Curtis started. We were able to engage with students, faculty, and staff in the various colleges. I had the opportunity to attend the Honors College, and it was such a wonderful time. I heard four thesis presentations, and I was so impressed with the knowledge, poise and compassion of our students. I learned a lot and our students are relentless in what they are pursuing in their academic goals, but it is not only possible due to their talents but also to the credit of the ISU faculty and staff. You pour so much into our students. It is really visible in keeping those academic dreams. Thank you.

I can't say enough to appreciate all that our Indiana State University community is doing to impact these lives that are going on and leaving a legacy on the future generations of our time. Thank you very much. That is what we are here for -- our students.

In less than 30 days, everyone here will have the opportunity to make a positive impact on our students and our university on Give to Blue Day, March 16. I hope and encourage everyone to participate. It really is exciting to see the numbers jumping during the day to see what happens. I am really excited about this.

With that I am going to say one last word. We are going to honor someone very special to the university, Teresa Exline. We are so excited for her to enter a new stage in her life. In Spanish, we call it período jubilación. In English, it translates to jubilation. Teresa, you are entering a period of joy, and I am excited for you as you enter this new stage of your life. We are going to say more about you later, but thank you for your impact on this university.

We will now move on to our order of business.

3a Minutes of the December 10, 2021 Meeting and Certification of Executive Session

The Indiana State University Board of Trustees met in Executive Session at 1:00 p.m. on Friday, December 10, 2021.

The Indiana State University Board of Trustees hereby certifies that no subject matter was discussed in the Executive Session other than the subject matter specified in the public notice.

The Trustees met in a regularly scheduled meeting on Friday, December 10, 2021 at 2:30 p.m.

Trustees present: Mrs. Cabello, Mr. Casey, Ms. Collins, Mr. Minas, Mrs. Powers, Mr. Pratt, Mrs. Smith and Mr. Woodruff.

Trustees absent: Mrs. McKinzie.

Recommendation: Approve the Board Minutes of the December 10, 2021 Meeting and Certification of Executive Session.

Motion made by: Randy Minas
Motion seconded by: Bob Casey

The recommendation was approved.

3b1 Proposed Changes in Academic Program and Laboratory/Course Specific Fees¹

Effective for the Fall Semester 2022 unless otherwise stated

Course Specific Fees

Eliminate Course Fees (Effective Fall 2022)

College	Department	Course(s)	Amount	
CHHS	AHS	AHS 391	\$69	
	SOWK	SOWK 605 SOWK 610	\$150	Eliminate only if program fee is approved
		SOWK 615	\$75	Eliminate only if program fee is approved

Change in Course Fees (Effective Fall 2022)

College	Department	Course(s)	Amount	Purpose
CAS	Art and Design	ARTS 101 ARTS 215	\$30/course to \$120/course	Provide all necessary art supplies for students to ensure appropriate quality and utilize bulk purchasing and educational discounts.
		ARTS 400G	\$10/credit hour to \$43/credit hour	Provide all necessary art supplies for students to ensure appropriate quality and utilize bulk purchasing and educational discounts.
	Chemistry & Physics	CHEM 100L; 103L; 104L; 105L; 106L; 321L; 330L; 340; 351L; 352L; 355; 421L; 431L; 461L; 462L	\$43/course to \$60/course	The \$43/course was instituted in 2004 and not increased since. The increase in fees for the lab courses is necessary to cover increased costs of chemicals and other supplies used in labs.
	Theater	THTR 275	\$60/course to \$75/course	To cover the increased cost of art supplies since fee was initiated.
		THTR 278	\$55/course to \$100/course	To cover increased cost of theater make-up since fee was created, and the need to purchase specialty makeups not previously covered.
Educator Prep Courses		CIMT 200 ELED 200 EDLR 650 EDLR 751 MUS 201 SPED 590 SPED 622	\$100/course to \$150/course	Increased subscription cost of TK20 (software used for assessment and accreditation for educator preparation). Assessed in all initial courses and subsequently used throughout a student's program.

--	--

New Course Fees (Effective Fall 2022)

College	Department	Course(s)	Amount	Purpose
CAS	Theater	THTR 102	\$50/course	Purchase at bulk/reduced cost the necessary drafting supplies students need to be successful.
		THTR 171	\$15/course	Purchase at bulk/reduced cost the sewing materials for costuming at the quantity and quality students need to be successful.
		THTR 374	\$50/course	Purchase at bulk/reduced cost the sewing materials for costuming at the quantity and quality students need to be successful.
COT	Aviation	UMS 181	\$87/course	To cover software, liability, lab, and related costs of the unmanned vehicles used in the course.

Recommendation: Approval of the proposed Academic Laboratory/Course Specific Fees, effective for the fall semester of 2022 unless otherwise stated.

New Program Fee (Effective Fall 2022). Program fee will compensate part-time faculty, clinical fieldwork and internships, MSW licensure preparation, and program development. **If approved, then the course fees presented above can be eliminated.**

HHS	Master of Social Work (Advanced Standing Program)	\$250/semester (estimated 3 term program – estimated \$750 total)
	Master of Social Work (Traditional Program)	\$150/semester (estimated 5 term program - estimated \$750 total)

New Program Fee (Effective Fall 2022). Program fee will compensate part-time faculty, administrative support costs, and student research support.

COT	Ph.D. Technology Management	\$200/semester
-----	-----------------------------	----------------

Change in Program Fee (Effective Fall 2022). Program fee will compensate preceptors, clinics/practices, hospitals, and health systems.

HHS	Doctor of Physical Therapy	\$1,000/Semester to \$1,800/Semester
-----	----------------------------	--------------------------------------

Recommendation: Approval of the proposed Program Fees, effective for the fall semester of 2022.

Finance Committee Chairperson Trustee Kim Smith recommends approval.

The recommendation was approved.

¹Laboratory/course specific fees and program fees are assessed only in conjunction with courses/programs associated with the automated fee assessment process. An exception exists for study abroad courses: IS 396, 397, and 398.

3b2 ISU Housing and Dining Rates for 2022-23

The proposed rate increase for a Traditional residence hall room with a Standard meal plan, representing the majority of on-campus rooms, reflects an overall 1.5% increase for 2022-23. Freshman students are housed in residence halls assigned the Traditional room category. The Premium room rate is \$500 per year more than the Traditional room rate and is assigned to select rooms within Reeve Hall with private baths. A limited number of single rooms will also be identified and offered to students in 2022-23. The housing rate for students selecting single rooms is \$1,500 more per year than the double room rate based on room type.

Housing Rates

The proposed 2022-23 rates for on-campus housing are listed below and include additional room accommodation options and summer housing rates. The 2021-22 housing rates are included below for comparative purposes.

Housing Rates		
---------------	--	--

Room Type	2021-22 Rate	2022-23 Proposed Rate
Traditional	\$7,346.00	\$7,450.00
Traditional - Single	\$8,846.00	\$8,950.00
Traditional - Break Access	\$8,146.00	\$8,250.00
Premium - Double	\$7,846.00	\$7,950.00
Premium - Single	\$9,346.00	\$9,450.00

Room Type	Fall 2022 Hall Location
Traditional	Mills, Cromwell, Blumberg, Burford, Erickson, Pickerl, Hines, Jones, Sandison, and select rooms within Reeve (double room with shared bath)
Traditional - Single	Select rooms within Reeve (single room with shared bath), and other select rooms in traditional halls designated for single occupancy.
Traditional - Break Access	Rhoads and possibly a second hall depending on occupancy levels
Premium - Double	Select rooms within Reeve (double room with private bath)
Premium - Single	Select rooms within Reeve (single room with private bath)

Additional Accommodation Options	2021-22 Rate	2022-23 Proposed Rate
Single Room Buyout of Double Room	\$1,500.00	\$1,500.00
Break Access Contract Add-On	\$800.00	\$800.00
Early Arrival/Break Housing - Daily Rate	\$20.00	\$20.00

Summer Housing Rates	2021-22 Rate	2022-23 Proposed Rate
Traditional Room - Weekly Rate	\$216.06	\$219.12
Traditional Room - Daily Rate	\$30.87	\$31.30
Premium Room - Weekly Rate	\$230.76	\$233.82
Premium Room - Daily Rate	\$32.97	\$33.40
Single Room - Daily Rate	\$6.30	\$6.30

500 Wabash & University Apartments

500 Wabash & University Apartments provide upper-level students with off-campus housing options. The rates for 500 Wabash and the furnished University Apartments units are a per student rate billed by the semester. The unfurnished family units at University Apartments are a per unit rate. An optional meal plan is offered to students living at University Apartments and 500 Wabash.

For 2022-23, new room types in University Apartments are being proposed to compensate for the size differential of bedrooms within the two bedroom units. This adjustment will allow the two bedroom units to be categorized similar to that of the three bedroom units.

The proposed 2022-23 rates for University Apartments and 500 Wabash are listed below and include an additional room accommodation option. The 2021-22 housing rates are included below for comparative purposes.

University Apartments*

Family Apartments (Unfurnished)

Room Type	2021-22 Academic Year Rate	2021-22 Full Year Rate	2022-23 Academic Year Proposed Rate	2022-23 Full Year Proposed Rate
One Bedroom	\$7,350.00	\$8,820.00	\$7,450.00	\$8,940.00
Two Bedroom	\$8,480.00	\$10,176.00	\$8,600.00	\$10,320.00
Three Bedroom	\$9,330.00	\$11,196.00	\$9,460.00	\$11,352.00

Single Apartments (Furnished)

Room Type	2021-22 Academic Year Rate	2021-22 Full Year Rate	2022-23 Academic Year Proposed Rate	2022-23 Full Year Proposed Rate
Shared One Bedroom	\$6,780.00	n/a	\$6,870.00	\$8,244.00
Single One Bedroom	\$8,480.00	\$10,176.00	\$8,600.00	\$10,320.00
Shared Two Bedroom (Medium)**			\$8,020.00	\$9,624.00
Shared Two Bedroom (Large)**			\$8,600.00	\$10,320.00
Single Two Bedroom**			\$10,030.00	\$12,036.00
Single Three Bedroom (Large)	\$7,910.00	\$9,492.00	\$8,020.00	\$9,624.00
Single Three Bedroom (Medium)	\$5,660.00	\$6,792.00	\$5,740.00	\$6,888.00
Single Three Bedroom (Small)	\$4,530.00	\$5,436.00	\$4,590.00	\$5,508.00

500 Wabash*

Room Type	2021-22 Rate	2022-23 Proposed Rate
One Bedroom - 9 Month Contract	\$9,162.00	\$9,288.00
One Bedroom - 3 Month Summer	\$3,054.00	\$3,096.00

Additional Accommodation Option	2021-22 Rate	2022-23 Proposed Rate
Early Arrival/Break Housing - Daily Rate	\$20.00	\$20.00

* Rates listed are for housing only and do not include a dining plan. A Sodexo dining plan is optional.

** New room types for 2022-23

Dining Rates

Three new meal plan options are being proposed for 2022-23 to better compliment current plan offerings based on feedback from student focus groups and a campus-wide committee. The proposed meal plans provide students with a wider range of meal plan options designed to allow students to more closely align their selection of a plan to their individual needs. The new meal plans include an All Access plan designed to provide students with the maximum number of meals offered in the in the Dining Hall, an Upper-Level Student plan designed to offer a reduced meal plan for upper-class students who live on campus but require less than the standard number of meals, and a Best Flex plan that assists in rounding out the selection of plans.

Commuter meal plans are also offered to students. Effective with the Fall 2022 semester, students can elect to have a commuter meal plan added to their ISU student account. For 2022-23, these charges range from \$335 per semester to \$775 per semester depending on the number of meals selected. Sodexo sets these rates annually.

The proposed 2022-23 rates for meal plans are listed below. Dining rates include a specific number of credits or meals per week and additional commons cash depending on what plan is selected. A dining plan is required for all students living in on-campus residence halls. The 2021-22 dining rates are included below for comparative purposes.

Dining Rates		
Meal Plan Option	2021-22 Rate	2022-23 Proposed Rate
Flex - 1360 credits/\$102 (Standard Plan)	\$3,836.00	\$3,900.30
Flex - 1360 credits/\$204	\$4,040.00	\$4,104.30
Best Flex - 1802 credits/\$204*		\$4,308.64
All Access - 19 meals/\$102*		\$4,534.06
Upper-Level Student - 7 meals/\$204*		\$2,479.20
Off-Campus Meal Plan - 5 meals/\$102	\$1,706.00	\$1,733.92

* New meal plans for 2022-23

The Residential Life Technology Fee will continue to be \$15 per semester.

Recommendation: Approval of the proposed 2022-23 Housing and Dining rates as listed above.

Finance Committee Chairperson Trustee Kim Smith recommends approval. The recommendation was approved.

3c1 Proposed Modifications to Policy 550 University Retirement

Rationale: As part of a regular policy review, the administration has identified the need to update the policy. Specifically, the policy modifications a) removes outdated language and terminology, b) reduces the age for early retirement from 62 to 60, c) establishes a rule of 85 combining age and years of service for early retirement eligibility, and d) creates an early retirement health benefit bridge to age 65 for those hired prior to March 1, 2022 at age 60 with no eligibility for subsidized post-retirement health coverage.

Proposed Modifications: The current Policy 550 University Retirement can be found at [Policy 550 University Retirement](#). Proposed revised Policy 550 University Retirement is shown below.

550.1 Applicability

Indiana State University offers an early retirement incentive plan to faculty and staff that meet certain age and years of service criteria. The provisions contained in previous policies are no longer available nor retroactive. Provisions for previously retired faculty and staff members remain in effect.

550.2 General Provisions

550.2.1 Notification Employees must complete an election form for the Retirement Severance Plan or the Ten-Year Retirement Plan prior to their retirement date. Faculty are eligible to retire under either plan as of May 31 or December 31 upon completion of their duties for the applicable semester.

550.2.2 Ineligibility of Grant, Temporary and One-Year Employees. Grants, temporary and one-year employees are not eligible.

550.2.3 Right to Amend, Modify, Terminate, or Eliminate. The University reserves the right to amend, modify, terminate or eliminate the University Retirement Severance Plan or Ten-Year Retirement Plan without notice.

550.3 Retirement Severance Plan

550.3.1 Eligible Employees. All of the conditions set forth below must be met for an employee to be eligible for retirement under this section.

550.3.1.1 Applicability. This Section applies to all Regular Faculty, Exempt Staff, Non-Exempt Professional Staff, and Regular Non-Exempt Staff.

550.3.1.2 Age at Retirement. An employee must be age 60 or older by the retirement date to be eligible for the Retirement Severance Plan set forth in this Section with the exception of 550.3.1.4.

550.3.1.3 Consecutive Service Requirement. An employee must have at least 20 consecutive years of full-time benefits-eligible service at ISU as of their retirement date.

550.3.1.4 Rule of 85. Effective March 1, 2022, a retirement option is available to eligible faculty and staff who are at least 55 but less than 60 years of age in which years of service and age at retirement equal 85 or more. The years of service must be consecutive years of service at Indiana State University.

550.3.1.5 Required Retirement Date. The Required Retirement date is open.

550.3.1.6 Required Election Date. The Required Election Date is open.

550.3.2 Benefits.

The following benefits are available to eligible employees who retire under the University's retirement programs and meet certain eligibility criteria.

550.3.2.1 Incentive Payment. Based on hire date and years of service, eligible employees will receive a retirement incentive lump sum payment (minus applicable taxes) as follows:

1. Employees with 15 or more years of continuous service as of December 31, 2010 will receive 60% of base salary.
2. Eligible employees with less than 15 years of continuous service on December 31, 2010 will receive 40% of base salary.
3. Employees hired after December 1, 2010 receive 25% of base salary.

550.3.2.2 Post-Retirement Health Coverage.

550.3.3.2.1 Subsidized by Indiana State University. Post-retirement health coverage will be subsidized by the University if the eligible employee was enrolled on the University Health Plan prior to January 1, 2005, is enrolled at the time of retirement, and has been enrolled on the University Health Plan for a minimum of 20 consecutive years. The spouse of the eligible employee can be covered if the spouse has also been enrolled on the University Health Plan for a minimum of 20 consecutive years.

550.3.3.2.2. Health Benefits "Bridge". A health benefits "bridge" is available to employees at the age of 60 or older with at least 20 years of consecutive service and enrolled for a minimum of 20 consecutive years in the University Health Plan who are not eligible for the post-retirement subsidized health coverage (see 550.3.3.2.1). The spouse of the eligible employee can be covered if the spouse has also been enrolled on the University Health Plan for a minimum of 20 consecutive years. Employee must be hired prior to March 1, 2022. Eligible employees for the bridge program can remain on the University Health Plan by paying the employee share of the premium until age 65.

550.3.3.2.3 No Subsidy by Indiana State University. Employees not eligible to retain the University's post-retirement health coverage under the retirement severance plan (see 550.3.3.2.1) but are enrolled in the University Health Plan and retire on or after age 65 may buy into the post-retirement coverage by paying the entire premium. A spouse may

also buy into the post-retirement health coverage if, at the time the retirement is effective, the spouse is age 65 or older. There are no dental benefits with this buy-in plan.

550.3.3.3 Life Insurance. Reduced Life Insurance (\$5,000 to \$20,000 of coverage dependent upon plan chosen) will be paid in full by Indiana State University if hired prior to January 1, 2005. Remaining life insurance coverage discontinued at retirement may be converted within 31 days of retirement (retiree pays entire premium).

550.3.3.3.1 Retention of Voluntary Life Insurance. Voluntary life insurance is eligible to be retained by the retiree contacting the vendor and paying the entire premium within 31 days of retirement date.

550.3.4 Other Benefits.

- Continued use of the Student Recreation Center at no cost (spouses must pay regular usage rates unless covered under the post-retirement health coverage).
- Campus surface lot parking at no charge (does not include parking garage).
- Continued use of University Library as a retiree.

550.4 Ten-Year Retirement Plan

550.4.1 Eligible Employees. A ten-year retirement plan option is available to benefit eligible employees, who are at least age 60 at retirement and have ten (10) or more consecutive years of service.

550.4.2. Benefits

550.4.2.1 Continued use of the Student Recreation Center free of charge (spouses must pay regular usage).

550.4.2.2 Lifetime hangtag for campus surface lot parking at no charge (does not include garage tag).

550.4.2.3 Continued use of the University Library as a retiree.

550.4.2.4 Opportunity to Convert life insurance or Port/Convert Voluntary Life Insurance if done within 31 days of the retirement date. The employee must be enrolled in these plans at the time of retirement to participate.

550.4.2.5 COBRA coverage will be made available at a rate of 102% of the total health coverage rate. Indiana State University will not subsidize this rate; it shall be borne entirely by the retiring employee.

550.4.2.6 The retiring employee may buy into the post-retirement health coverage by paying the entire premium at age 65. The retiring employee must:

1. At the time of retirement be enrolled in the University Health Plan.
2. Be 63 ½ or older and use COBRA to age 65 to enroll in the post-retirement health coverage.
3. No dental benefits are available with this plan.

Recommendation: Approval of the proposed modifications to Policy 550 University Retirement.

Motion made by: John Pratt

Motion seconded by: Kimberly Collins

The recommendation was approved.

3c2 Proposed Modifications to Policy 810 Acceptable Use of Information Technology

Rationale: As part of the three-year policy review cycle, the administration has identified a need to update Policy 810 Acceptable Use of Information Technology. The policy modifications clarify user responsibilities, including the obligation to follow published security guidance, to ensure devices are adequately protected, and promptly report information security incidents.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

810.1 ~~Overview~~/Purpose

Indiana State University provides a variety of computing resources to its campus and public constituents. Those who use University information resources are to take reasonable and necessary measures to safeguard the operating integrity of institutional systems and data. This policy covers aspects of legitimate use, information security, and privacy that arise in the use of computers, software, and electronic information. This policy strives to balance the individual's ability to benefit fully from these resources and the University's responsibility to maintain the accessibility, integrity, utility, and security of the electronic information environment.

The University's responsibilities in this area can generally be described as the delivery of information technology resources that are stable, reliable, and secure, and the delivery of support for those resources. In the information technology environment today, individuals and the institution play a role in meeting those responsibilities. As context for the requirements of acceptable use by individuals, it is helpful to understand in more detail some of the institutional duties in providing and supporting information technology. These include:

- a) Ensuring efficient and reliable performance of University computer systems and networks.
- b) Establishing and supporting reasonable standards of security for electronic information that University community members produce, use, or distribute.
- c) Protecting University computers, networks and information from destruction, tampering, unauthorized inspection and use.
- d) Ensuring that information technology resources are used in a manner consistent with the University's mission.
- e) Defining the limits of privacy that can be expected in the use of networked computer resources and preserving freedom of expression over this medium without countenancing unlawful activities.
- f) Ensuring that University computer systems do not lose important information due to hardware, software, or administrative failures or breakdowns.
- g) Communicating University policies and individuals' responsibilities systematically and regularly in a variety of formats, to all parts of the University community.
- h) Monitoring policies and proposing changes in policy as events or technology warrant.
- i) Managing computing resources so that members of the University community benefit equitably from their use.
- j) Enforcing policies by restricting access in case of serious violations (see section on "Sanctions").

810.2 Scope

This policy applies to the use of all computing devices owned by Indiana State University, and to all computing devices owned by others that are attached to the institutional network or used in the processing of institutional business or the creation, receipt, transmission, processing, use, storage, printing, or dissemination of institutional data.

810.3 ~~Individual~~ User Responsibilities

Indiana State University supports networked information resources to further its mission and to foster a community of shared inquiry. All members of the University community must be cognizant of the rules and conventions that make these resources secure and efficient. It is the responsibility of each member of the University community to comply with all applicable University Information Technology policies and standards, including the following standard practices.

810.3.1 Respect the Rights of Others. Users are expected to (i) R~~r~~espect the right of others to be free from harassment or intimidation to the same extent that this right is recognized in the use of other communications media~~and. R (ii) respect the privacy of other community members, regardless of whether their accounts are securely protected.~~ Consequently, although each user has the right to freedom of speech, unlawful or harassing material may not be sent or displayed to others.

810.3.2 Respect Intellectual Property Rights. Users are expected to R~~r~~espect copyright and other intellectual property rights. Unauthorized copying of files or passwords belonging to others or to the University may constitute plagiarism or theft. Modifying files without authorization (including altering information, introducing viruses or other malware, or damaging files) is unethical and may be illegal.

810.3.3 Maintain Secure Passwords. Users must establish appropriate passwords in the first instance, and should use different passwords for University accounts than are used for non-University accounts. Passwords must not be shared with others. This means that, except in emergency situations, University employees must not give someone else their password, and they must not accept a request, offer, or direction to use someone else's password. If an emergency situation arises where a user's password must be shared to perform a specific function, that password must be changed immediately. For accounts used in University operations, and for applications or services where University data is stored, users must change their password every six months, at a minimum. If a password is compromised, or if it is suspected or known that another individual has learned a user's password, the user must change their password immediately. Passwords should not be stored or transmitted through electronic communications, but if they must be, they must be encrypted.

810.3.4 Identify Oneself Accurately. Users are expected to I~~i~~dentify oneself accurately and appropriately in electronic communications.

810.3.5 Use Resources Efficiently. Users should A~~a~~ccept limitations or restrictions on computing resources such as storage space, time limits, or amount of resources consumed when asked to do so by authorized personnel. University resources are to be

used in a manner consistent with the University's mission. Use of University resources for personal activities should in no way interfere with or take precedence over institutional uses. Indiana State University computing resources may not be used for commercial purposes.

810.3.6 Recognize Limitations on Privacy. ~~Users should R~~recognize the limitations to privacy afforded by electronic services. Users have a right to expect that what they create, store, and send will be seen only by those to whom permission is given. Users must know, however, that the security of electronic files on shared systems and networks is not inviolable – most people respect the security and privacy protocols, but a determined, technically-well-informed person may be able to breach them. Users must also note that, as part of their responsibilities, systems or technical managers may occasionally need to diagnose or solve problems by examining the contents of system files. Furthermore, when a personal device is used in the conduct of University business, there should be no expectation of privacy related to University data stored on or transmitted by that personal device.

810.3.7 Recognize University's Maintenance of Network. An individual's right to privacy may be superseded by the University's responsibility to maintain the network's integrity. Should the security of the network or a computer system be threatened, a person's files may be examined by an OIT administrator with approval from the Provost and Vice President for Academic Affairs or Associate Vice President for OIT ~~or or~~ General Counsel designee. By law, instances can arise when material created or received via electronic means must be divulged (i.e., pursuant to a validly issued subpoena in connection with legal action).

810.3.8 Abide by Security Restrictions. ~~Users must A~~abide by security restrictions on all systems and information to which access is permitted. Users should not attempt to evade, disable, or "crack" passwords or other security provisions.

810.3.9 ~~Abide by~~Comply with All Applicable Local, State and Federal-Laws and Regulations and Policies of the University. ~~Users must A~~abide by all applicable local, state and federal ~~and state~~ laws. Indiana State University extends these principles and guidelines to systems outside the University that are accessed via the University's facilities (i.e., electronic mail or remote logins using the University's Internet connections). Network or computing providers outside Indiana State University may also impose their own conditions of appropriate use for which users at this University are responsible. For violations of the above, see the "Sanctions" section of this policy.

810.3.10. Abide by Export Controls. Indiana State University and its faculty, staff, and students must comply with all United State export control laws and regulations. Export control laws cover assets of the institution when they are taken or shipped to locations outside the United States, and in some cases when foreign nationals have access to certain kinds of equipment within the United States. Faculty, staff, and students are responsible for understanding whether equipment they are working with or responsible for is covered by export regulations in cases where they are traveling outside the United States, or working with foreign nationals inside the United States. ~~The Office of the Provost can advise on the requirements for specific data.~~Please see the Export Control webpage for more information.

810.3.11 Abide by Security Restrictions and Best Practices When Using Personal Devices for Institutional Business. ~~Users should M~~maintain awareness of,

understand, and follow policies and recommended best practices for security when using personal mobile or other devices to access institutional resources such as Internet-based services and electronic mail accounts. When specific standards are identified by the institution, abide by those standards. Personal devices used to create, access, store, transmit, use, or process institutional data or perform institutional business must adhere to institutional standards for data and information security (See [Policy 830 Data Security and Management](#)). In particular, a personal device used for institutional business, including electronic mail, or to store institutional data must be password protected.

810.3.12 Protect the University's Information Technology Resources. The University employs numerous measures to protect the security and integrity of its information resources and networks but cannot solely prevent unauthorized access or compromised accounts. Users are responsible for following published security guidance to ensure that all their devices that access ISU's resources are adequately protected. All users with ISU information technology resources must promptly report all information security incidents to the Office of Information Technology using the published incident reporting procedure available on the OIT website.

810.4 Department and Individual Responsibilities with Servers

810.4.1 Approval Required. Servers that are not maintained by OIT must be registered with and approved by OIT prior to their connection to the institutional network. Unregistered servers that are detected on the network may be disconnected and removed without notice by OIT.

810.4.2. Security. Servers and applications that are run on those servers that are not supported by OIT must be maintained at all times to a current level of upgrade for security. OIT may audit such servers at any time.

810.5 Sanctions

Individuals or groups who act in a manner contrary to existing policy and accepted standards for computer use or who take actions which have legal implications are subject to appropriate sanctions.

810.5.1 Suspension or Revocation of Privileges. Indiana State University reserves the right, at all times, to suspend or revoke the privilege of access to University electronic services. Violations of information technology policies will be dealt with in the same manner as violations of other University policies and may result in disciplinary review.

810.5.2 Role of Office of Information Technology. As a first step, such matters will be addressed by the appropriate Office of Information Technology (OIT) administrator. Whenever it becomes necessary to enforce University rules or policies, the University may take the following steps, and any other steps it deems appropriate to address the use or misuse of University electronic services. An authorized OIT administrator may:

- a. Disallow network connections by certain computers (departmental or personal).
- b. Require adequate identification of computers and users on the network.

- c. Undertake audits of software or information on shared systems where there is sufficient reason to suspect policy violations.
- d. Take steps to secure compromised computers that are connected to the network.
- e. Restrict or deny access to computers, the network, and institutional software and databases.
- f. Refer the matter for disciplinary action.

810.5.3 Cooperation in Investigation. Users are expected to cooperate with authorized investigations either of technical problems or of possible unauthorized or irresponsible use as defined in these guidelines; failure to do so may be additional grounds for suspension or termination of resource access privileges.

810.5.4 Appeal. If a matter is not resolved in discussion with the OIT administrator within 24 hours, the OIT administrator's action may be appealed to the administrator's direct supervisor or referred to the appropriate University administrator for resolution in a timely manner. Any revocation of privileges is subject to the normal due process available to all members of the faculty, staff and student body.

810.5.4.1 Civil/Criminal Concerns. In addition, certain kinds of abuse (such as copyright violation, fraud, violation of software licenses, or harassment) may entail initiation of civil or criminal investigation and/or prosecution.

810.5.5 Additional Questions. Additional questions relating to this policy should be directed to the Chief Information Officer in the Office of Information Technology.

Recommendation: The proposed policy is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the May 2022 meeting of the ISU Board of Trustees.

3c3 Proposed Modifications to Policy 820 Computer Software (Rename: Computer Software Procurement and Licensing Compliance)

Rationale: As part of the three-year policy review cycle, the administration has identified a need to update Policy 820 Computer Software, which is proposed to be re-named Policy 820 Computer Software Procurement and Licensing Compliance. Because of the proliferation of software licensing use, Policy 820 has been updated to provide more information to ISU employees and students about the expectations and requirements of software procurement and licensing compliance. The proposed policy removes reference to copyrighted video programs because copyright compliance generally is included in other policies. The proposed policy specifies the obligations of users and departments and adds information on potential sanctions for violation of licensing agreements, ISU policies, or legal requirements.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough).

Proposed New Name: Computer Software Procurement and Licensing Compliance.

820.1 ~~Use of Computer Software~~—Overview and Scope

~~Indiana State University is committed to the appropriate use of software. Computer software is a form of intellectual property and generally covered under the same provisions of copyright law for the protection against unauthorized copying, sharing or distribution.~~ With few exceptions, most software is copyrighted. Any software used on a University-owned computer must have a valid license. ~~Software delivered through the network is properly licensed. When the University licenses access to software for use by its students, staff, and faculty, it does not own the software and must still abide by any agreement that governs the software's use. If software is installed or upgraded on a University computer, it~~ is the individual's responsibility to ensure licensing requirements have been met when accessing software. Suspected violations of copyright and other applicable laws will be reported to appropriate University authorities.

This policy applies to:

- (a) All software used for University administrative, academic, teaching, learning, clinical, and research activities, including software obtained through Canvas or other school, university or department software procurement;
- (b) All software that is purchased and licensed from third-party vendors, developers, or companies irrespective of the University entity or individual that makes the purchase;
- (c) The acquisition of software installed on local computers or servers by faculty, staff, departments, vendors and affiliates.

Authority to bind the University to contracts and agreements for software purchases or licensing is governed by Policy 630 Purchasing. Only limited delegation of authority is granted to

department end users to commit funds for the purchase of software as provided for in this policy.

820.2 Copyrighted Video Programs

~~Most programs from commercial or public television broadcasts are protected by copyright. Use of such programs in the University, whether for classes or for other purposes, could constitute violation of the copyright laws.~~

~~**820.2.1 Taping and Public Showings.** The taping and public showing without explicit permission of programs carried on cable or pay television is may be a violation of the law. The taping and public showing of copyrighted dramatic works from broadcast television is also amay also be a violation of law.~~

~~**820.2.1.1 Fair Use.** However, some allowances are made for showing in the educational setting. Such activity is termed “Fair Use” and is defined in copyright laws. In a non-profit university, non-dramatic literary or musical works recorded off the air may be shown in places normally devoted to instruction if the work is directly related to instruction. The institution may not profit financially from the showing.~~

820.2 User or Department Requirements.

It is the obligation of ISU employees and students to acquire and use software in a way that strictly follows all applicable University policies and licensing contract requirements, including installations, use, copying, virtualization, maintenance, service, restrictions on the permitted use and/or the number of users, and other terms of the license agreement.

~~**820.2.1 Due Diligence and Compliance.** Departments and employees should review the software procurement guidelines found on the Procurement Services website prior to finalizing any software purchase. Purchasers of proprietary and open source software are frequently presented with an electronic license agreement or click-through agreement that establishes the purchaser’s rights and responsibilities to use the software after having agreed to the vendors terms and conditions. Departments must comply with all terms and conditions of licensed software.~~

820.3 Software Disposal.

All non-transferable licensed software should be permanently deleted before any electronic device or media is disposed of or transferred within ISU. Departments and users are obligated to follow the terms and conditions relating to the disposal or return of the software. Special consideration should be given to software purchased with funds from research, commercial, or government contracts or grants.

~~**820.2.4 Sanctions**Violation of Software Licenses and Enforcement. It is the policy of the University to uphold the letter and spirit of the law in copyright and other issues. Members of the University community are responsible for any violation of the terms and conditions of software licenses on ISU-owned devices or other copyright infringement that may occur. ~~They will be subject to~~ Violations of this policy may result in appropriate sanction or disciplinary action consistent with applicable University procedures up to and including the suspension, revocation or curtailment of privileges within the institution and ~~or accounts or disciplinary action consistent~~~~

~~with ISU policy. Individuals who commit copyright infringement may be subject to personal and to civil or criminal~~ with ISU policy. Individuals who commit copyright infringement may be subject to personal and to civil or criminal fines, sanctions or prosecution from without under the U.S. Copyright Act.

Recommendation: This proposed policy is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the May 2022 meeting of the ISU Board of Trustees.

3c4 Proposed Modifications to Policy 830 Data Security and Management

Rationale: As part of the three-year policy review cycle, the administration has identified a need to update Policy 830 Data Security and Management. The proposed policy modifications are general clarifications and updates based on current data security practices.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

830.1 Institutional Data and Obligations

Institutional data are a valuable resource and asset to Indiana State University. The environment for data security is complex and constantly changing. A variety of international, federal and, state laws, and industry regulations establish both personal and institutional responsibility for data security. In addition to these, ethical and professional considerations create an obligation for all members of the ISU community to care for institutional data with the highest levels of awareness and best practices.

830.1.1 Scope. Institutional Data are considered to be University resources and as such, policies controlling the creation, receipt, transmission, processing, use, storage, printing, or dissemination of data are set by the University. These policies will be augmented as needed by specific standards and procedures that will apply at the institutional level. Nothing in this policy shall negate the provisions of the Policy Library Policy 370 Intellectual Property.

830.1.2 Definition of Institutional Data. Indiana State University institutional data are data that are a data element which satisfies one or more of the following criteria:

- Created, received, processed, maintained, transmitted, or stored as a result of educational, clinical, research, patient-care, or service activities;
- Used directly or indirectly for~~Substantive, reliable, and relevant to~~ the planning, managing, operating, documenting, staffing, or auditing of one or more major administrative functions of the University;
- Used to derive any data element that fits the above criteria;
- Included in an official University administrative report; -or
- Generated by a University employee or agent using any of the above data.

This definition applies regardless of the form or medium on which the data are created, received, processed, transmitted, or stored.

830.2 Types of Data

~~In order to communicate clearly about data management practices, it is necessary to~~ISU recognizes ~~that there are different~~ the following categories and classifications of institutional data

830.2.1 Categories of Data. Data categories are defined based on the function and/or use of institutional data. General institutional data categories include:

- Alumni data
- Contracts and grants data
- Research data
- Employee and benefits data
- Facilities data
- Faculty data
- Financial and budget data
- Health data
- International programs data
- Library data
- Purchasing and travel data
- Student and applicant data
- Instruction-related data

830.2.2 Classifications of Data. Data classifications are defined based on the need to ensure the security and privacy of institutional data. Data classifications are:

830.2.2.1 Public Data. Information and data that are intended for public view.

830.2.2.2 University-Internal Data. Data used internally to University operations or with selected University appointees or partners for ISU business purposes. Access to University Internal Data should be determined based on the job responsibilities of the employee, appointee, or partner.

830.2.2.3 Restricted Data. Data that are sensitive or confidential and, as a result, require specific authorization for access.

830.2.2.4. Highly-Restricted Data. Highly confidential data that, if released, could result in criminal or civil penalties, identity theft, personal financial loss, or invasion of privacy. Type of sensitive data and refers to information that is created, collected, maintained or transferred electronically that was created or received by a health care provider, health plan, public health authority, employer, life insurer, school or university, and it pertains to provisions of health care to an individual; or the past, present, or future payment for the provisions of health care to an individual.

830.2.2.5 Sensitive data. Is data whose unauthorized disclosures may have damaging adverse effect on the University's reputation, resources, services or individuals. Data protected under federal or state regulations or due to

proprietary, ethical, or privacy considerations will typically be classified as sensitive.

830.3 Access to and Handling of Data

All ISU employees are responsible for handling institutional data properly based on its classification. Data handling includes all activities associated with the creation, storage, transmission, printing, backup, retention, disposal and publication of ISU data.

830.3.1 Control of Data Access.

830.3.1.1 Access. Access to data other than public data shall be accomplished through the use of usernames (ID) and passwords. Elements used to control access to data (like IDs and passwords) are not to be shared with other employees. As noted above, data dissemination is driven by 1) the classification of the data, and 2) the need to know.

830.3.1.2 Supervision of Students. Students who access ISU data other than public data will be supervised by full-time ISU personnel; student and student employee access to data other than public data shall be the responsibility of the full-time employee responsible for supervision of the student or student employee. Students and student employees are required to complete appropriate training in order to have access to non-public University Data.

830.3.2 Data Handling and Use. Users of institutional data must:

- Access data only related to their conduct of University business, and in ways consistent with furthering the University's mission of education, research, and public service.
- Respect the confidentiality and privacy of individuals whose records they may access.
- Observe any ethical or legal restrictions that apply to the data to which they have access.
- Abide by applicable laws, regulations, standards, and policies with respect to access, use, disclosure, retention, and/or disposal of information.

Users of institutional data must not:

- Disclose data to others except as required by their job responsibilities
- Use data for their own or others' personal gain or profit, except as ~~set forth in the Policy Library Policy 370 Intellectual Property~~ allowed elsewhere in the University Policy Library by ISU Policy, including Policy 370 Intellectual Property.
- Access data to satisfy personal curiosity.

University standards and procedures for data handling are provided in the Indiana State University Data Storage Policy Matrix, documented as part of Office of Information Technology standards.

~~830.4 Export Control for University Data~~

~~Indiana State University and its faculty, staff, and students must comply with all United States export control laws and regulations. Export control laws cover data as well as equipment and~~

~~other assets. Faculty, staff, and students are responsible for understanding whether data they are working with are covered by export regulations, when there is a need to share data with or expose data to individuals outside the United States. The Office of the Provost can advise on the requirements for specific data.~~

830.45 Data Security Incidents

830.45.1 Definition of a Data Security Incident. A data security incident is an occurrence, threat, or possible compromise involving institutional data that are not Public Data. Such a threat may be associated with a hardware component (e.g. a laptop, a smartphone) or an account. Quite often, such incidents occur when a virus or malware infects an institutional computer or when social engineering techniques are used to steal user credentials and gain access to university systems, and the data on or accessible to that device or the accounts that are used on that device are subject to compromise as a result. In other cases, an action taken by an employee or student, such as theft, loss, or exposure of printed materials containing institutional data that are not Public Data, may constitute a compromise.

830.45.2 Discovery of a Data Security Incident. Discovery of a possible data security incident may occur in a variety of ways. The following are examples:

- ISU security or other software or network protocols ~~may demonstrate~~s that a possible compromise has occurred
- External security agencies ~~may notify ISUs~~ that a possible compromise has occurred
- A computer user ~~may notice~~s unexpected behavior and request assistance from OIT support resources, who discover that a possible compromise has occurred
- Transactional or procedural activity ~~may reveal~~s that data has been compromised or released.

In some cases, discovery is made by information technology and/or security professionals; in others, discovery may be made by an individual employee and/or that employee's management.

830.45.3 Reporting of a Data Security Incident. All users with ISU information technology resources must promptly report all information or data security incidents to the Office of Information Technology using the published incident reporting procedure available on the OIT website. In all cases, when a possible data security incident is suspected or identified, institutional employees must report the incident immediately upon discovery to the employee supervisor or department head who in turn must report to the University Chief Information Security Officer. An individual employee should also report to his or her~~their~~ supervisor any incident that appears to relate to a data security breach.

University procedures for reporting data security incidents can be found **HERE**

Recommendation: The proposed policy is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the May 2022 meeting of the ISU Board of Trustees.

3c5 Proposed Modifications to Policy 840 Use of Electronic Mail

Rationale: As part of the three-year policy review cycle, the administration has identified a need to update Policy 840 Use of Electronic Mail. The policy modifications clarify email user responsibilities and provide further information to users on prohibited conduct and data security restrictions, such as forwarding email to personal email accounts. Much of the redline in the policy comes from renumbering of sections.

Proposed Modifications:

(Proposed additions appear in red and deletions appear in strikethrough.)

840.1 Purpose

The University provides electronic mail resources to support the educational and administrative activities of the University and serve as a means of official communication by and between users and the University in its work of teaching, scholarly research, and public service. This administrative policy statement sets forth the University's policy with regard to use of, access to, and disclosure of electronic mail to assist in ensuring that the University's resources serve those purposes. This policy applies to all faculty, staff, ~~and~~ students, and other affiliated classes of individuals, including alumni and official visitors, who have been granted access to use the Indiana State University network and systems, including electronic mail.

~~840.2 Statement of Policy~~

~~840.2.1~~

840.2 Privacy, Confidentiality and Public Records Considerations.

Indiana State University will make reasonable efforts to maintain the integrity and effective operation of its electronic mail systems, but users are advised that these systems should in no way be regarded as a secure medium for the communication of sensitive or confidential information. Because of the nature and technology of electronic communication, ISU can assure neither the privacy of an individual user's use of the University's electronic mail resources nor the confidentiality of particular messages that may be created, transmitted, received, or stored. ~~on these.~~

840.2.1.1 840.2.1 Public Records. In addition, Indiana law provides that communications of University personnel that are sent by electronic mail may constitute "correspondence" and, therefore, may be considered public records subject to public inspection under the Access to Public Records Act (IC 5-14-3-3).

840.32.2 Permissible-Acceptable Use of Electronic Mail.

840.3.12.2.1 Authorized Users. Only ISU faculty, staff, and students and other persons who have received permission from the appropriate University authority are authorized users of the University's electronic mail systems and resources.

840.3.22.2.2 Purpose of Use. The use of any University resources for electronic mail must be related to University business, including academic pursuit. Incidental and occasional personal use of electronic mail may occur when such use does not generate a direct cost for the University. Any such incidental and occasional use of University electronic mail resources for personal purposes is subject to the provisions of this policy.

840.3.4. Acceptable Use. All uses of ISU email are subject to the provisions of Policy 810 Acceptable Use of Information Technology, and email users are required to be familiar with this policy.

840.42.3 Prohibited Use of Electronic Mail. Use of Electronic Mail is prohibited as follows:

- (a) Personal use that creates a direct cost for the University; ~~is prohibited.~~
- (b) ~~The University's electronic mail resources shall not be used~~ Use for personal gain or for a commercial purposes that ~~is~~ are not directly related to University business; ~~;~~
- (c) Use for political or lobbying activities;
- (d) Use to create or maintain a false alias email address to impersonate someone or send fraudulent or harmful communications.

840.52.4 Other Prohibited Uses. Other prohibited uses of electronic mail include, but are not limited to:

- (a) ~~Sending copies of documents in~~ Use of email in violation of copyright laws.
- ~~(b) Inclusion of the work of others in electronic mail communications in violation of copyright laws.~~
- ~~(be)~~ Capture and "opening" of electronic mail except as required in order for authorized employees to diagnose and correct delivery problems.
- ~~(cd)~~ Use of electronic mail to harass or intimidate others or to interfere with the ability of others to conduct University business.
- ~~(de)~~ Use of electronic mail systems for any purpose restricted or prohibited by laws or regulations.
- ~~(ef)~~ "Spoofing"; which is defined as constructing an electronic mail communication so it appears to be from someone else.
- ~~(fg)~~ "Spam", which is defined as: a mass sending of unsolicited electronic mail.
- ~~(gh)~~ Attempting unauthorized access to electronic mail or attempting to breach any security measures on any electronic mail system, or attempting to intercept any electronic mail transmissions without proper authorization.

840.62.5 University Access and Disclosure.

840.2.5.1 General Provisions.

840.6.12.5.1.4 Access and Disclosure. To the extent permitted by law, the University reserves the right to access, inspect, and disclose the contents of faculty, staff, student, and other users' electronic mail or related equipment or files without the consent of the user. The University will do so when it believes it has a legitimate business interest ~~need~~

~~including, but not limited to, those listed in paragraph 3.D.3 (below), and only after explicit~~ authorization is obtained from the appropriate University authority.

840.6.22-5.1.2 Faculty, Staff and Non-student Email. Faculty, staff, and other non-student users are advised that the University's electronic mail systems should be treated like a shared filing system, with the expectation that communications sent or received on University business or with the use of University resources may be made available for review by any authorized University official for purposes related to University business. Email services are provided only to staff and faculty while the user is employed by the University or otherwise retains an affiliation with the University in which ISU email access is necessary. When a user's electronic services and computing privileges are terminated, the former employees may no longer access the contents of their mailboxes and are prohibited from exporting their mailbox to a personal account before departure.

840.6.32-5.1.3 Student Email. Electronic mail of students may constitute "education records" subject to the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). The University may access, inspect, and disclose such records under conditions that are set forth in the statute. Email services are provided only while a student is enrolled in the University and once a student's electronic services and computing privileges are terminated, students may no longer access the contents of their email boxes.

840.6.42-5.1.4 Use of Encryption Devices. Any user of the University's electronic mail resources who makes use of an encryption device to restrict or inhibit access to their electronic mail must provide access to such encrypted communications when requested to do so under appropriate University authority.

840.6.52-5.2 Monitoring of Communications. The University will not monitor electronic mail as a routine matter but it may do so to the extent permitted by law as the University deems necessary for purposes of maintaining the integrity and effective operation of the University's electronic mail systems.

840.6.62-5.3 Inspection and Disclosure of Communications. The University reserves the right to inspect and disclose the contents of electronic mail:

- (a) in the course of an investigation triggered by indications of misconduct or misuse,
- (b) as needed to protect health and safety,
- (c) as needed to prevent interference with the academic mission, or
- (d) as needed to locate substantive information required for University business that is not more readily available by some other means.

(e) in accordance with 840.2.5.1.

~~**840.2.5.3.1 No Other Means.** The University will may inspect and disclose the contents of electronic mail when such action is not more readily available by some other means.~~

840.6.72-5.4 Limitations on Disclosure and Use of Information Obtained by Means of Access or Monitoring. The contents of electronic mail communications, properly obtained for University purposes, may be disclosed without permission of the user. The University will attempt to refrain from disclosure of particular communications if

disclosure appears likely to create personal embarrassment, unless such disclosure is required to serve a business purpose or satisfy a legal obligation.

840.6.82.5.5 Special Procedures to Approve Access to, Disclosure of, or Use of Electronic Mail. Individuals needing to access the electronic mail communications of others, to use information gained from such access, and/or to disclose information from such access and who do not have the prior consent of the user must obtain approval in advance of such activity from either the Chief Information Officer, the Provost or the President.

840.72.6

Disciplinary Action. Appropriate disciplinary action will be taken against individuals found to have engaged in prohibited use of the University's electronic mail resources.

840.82.7 Public Inspection, Retention, and Archiving of Electronic Mail.

840.8.12.7.1 Public Inspection of Electronic Mail. Communications of University employees in the form of electronic mail may constitute "correspondence" and therefore may be a public record subject to public inspection under the Indiana Access to Public Records Act (IC 5-14-3-3).

840.8.22.7.2 Retention and Archiving of Electronic Mail. Electronic mail messages produced or stored using University resources will be subject to such retention and archiving requirements as may be established by appropriate University authorities.

840.9 Forwarding Email.

Employees shall not forward ISU email to a personal account. Use of a non-ISU email account for ISU business, including interactions with current students as a part of academic correspondence, is a violation of this policy.

~~There are no exceptions to this policy.~~

Recommendation: The proposed policy is provided to the Board of Trustees for information only. The administration plans to request approval of the policy at the May 2022 meeting of the ISU Board of Trustees.

3d New Academic Program B.S. Leadership and Professional Development

This proposed program serves to fill a niche for adult, degree completion students. The Bachelor of Science in Leadership and Professional Development is designed for working adults with documented work, military, educational, and/or life experience. This degree-completion program is ideally designed for adult learners with between 75-90 credits of undergraduate course work, prior learning, and/or an associates (AA/AS) degree. The admission requirements are consistent with University guidelines (2.0 cumulative GPA on a 4.0 scale in all college-level studies). Applicants are encouraged to apply for prior learning credit that may not be formalized education.

Because this degree program utilizes a currently approved CIP code, approval is not required by the Indiana Commission of Higher Education

Recommendation: Approval of the B.S. in Leadership and Professional Development, effective Fall 2022.

Motion made by: Kimberly Collins

Motion seconded by: Troy Woodruff

The recommendation was approved.

3e New Academic Program B.S. in Data Science

The Department of Math and Computer Science has created this program to provide students a new major that meets student and employer demand for and dovetails nicely with existing programs in mathematics, computer science, geographic information systems, business analytics, and biology. The proposal has been approved by faculty governance and administration. The degree will require approval from the Indiana Commission of Higher Education.

Recommendation: The proposed program of the new B.S. in Data Science is provided to the Board of Trustees for information only. The administration plans to request approval of the program at the May 2022 meeting of the ISU Board of Trustees.

3f New Program Certificate in Civic Leadership

As a certificate program, this program can be completed by degree seeking students, or non-degree students. This undergraduate certificate was developed to also support the proposed Leadership and Professional Development degree program. A certificate program requires approval by the Indiana Commission of Higher Education.

Recommendation: The proposed program of the new Certificate in Civic Leadership is provided to the Board of Trustees for information only. The administration plans to request approval of the program at the May 2022 meeting of the ISU Board of Trustees.

3g New Academic Programs Communication Minors

The Department of Communication has created 5 new minors. These topical areas currently exist as concentration the Communication Minor. These new minors will stand-alone. The minors are:

- Digital and Interactive Media Minor
- Health Communication Minor
- Journalism Minor
- Public Relation Minor
- Cultural Communication Minor

These proposals have been approved by faculty governance and administration.

Recommendation: The proposed programs of the New Academic Programs Communication Minors is provided to the Board of Trustees for information only. The administration plans to request approval of the programs at the May 2022 meeting of the ISU Board of Trustees.

3h New Program Certificate in Nonprofit Leadership

As a certificate program, this program can be completed by degree seeking students, or non-degree students. This undergraduate certificate was developed to also support the proposed Leadership and Professional Development degree program. A certificate program requires approval by the Indiana Commission of Higher Education.

Recommendation: : The proposed program of the new Certificate in Nonprofit Leadership is provided to the Board of Trustees for information only. The administration plans to request approval of the program at the May 2022 meeting of the ISU Board of Trustees.

3i Naming of the Quentin P. Smith, Sr. Observation Deck

This item requests Board of Trustees approval for the naming of the Quentin P. Smith, Sr. Observation Deck at the ISU Flight Academy in the College of Technology, in recognition of a gift from Trustee Cynthia Powers and Mr. Mamon Powers, Jr., to establish a scholarship supporting students in the College of Technology.

Smith graduated from Indiana State (then Indiana State Teachers College) in 1940 and went on to a life and career of great influence as an aviator, educator, advocate and mentor before his death in 2013. Smith's historic contributions to our state and nation spanned his service during World War II as an officer with the Tuskegee Airmen, his five-decade career in administration in the Gary Community School Corporation, and his service on the Gary City Council, and as President of the Gary/Chicago International Airport Authority Board.

Trustee Powers earned a bachelor's degree in English and a master's degree in College Student Personnel from Indiana State University. After graduation, she began her career at Indiana University Northwest and worked with Smith in her career as an educator, administrator, and leader in civic, charitable, educational and cultural organizations in Northwest Indiana. Trustee Powers is serving her second term on the Indiana State University Board of Trustees. Mr. Powers is President and Chairman of the Board of Powers & Sons Construction and served four terms on the Board of Trustees at Purdue University, where he is an alum. They are longtime champions of Indiana State.

The creation of the Quentin P. Smith, Sr. Endowed Aviation Scholarship is a visionary gift by the donors that will continue Smith's legacy by helping Indiana State recruit, retain, and graduate students from diverse backgrounds and support them in launching their aviation careers. The gift will celebrate Smith as a pioneer in aviation and lift up his story to inspire generations of students to follow in his footsteps as an educator, civic leader, and mentor. The scholarship criteria will give preference to minority students majoring in professional aviation flight technology, aviation management, or unmanned systems.

Recommendation: As the total amount of the gift received to support this naming opportunity is consistent with the Indiana State University Naming Policy requirements, we respectfully recommend the naming of the Quentin P. Smith, Sr. Observation Deck.

Motion made by: Randy Minas
Motion seconded by: Kimberly Collins

The recommendation was approved.

3j Resolution Honoring Teresa D. Exline

WHEREAS, Teresa D. Exline has given exemplary service to Indiana State University for 34 years; and

WHEREAS, Teresa began her career at Indiana State University in 1987 as Coordinator of Public Affairs; and

WHEREAS, Teresa has ably served the University through positions including Director of Promotion and Special Events, Executive Director of Public Affairs, Assistant Vice President of Communications and Marketing, Special Assistant to the President for Strategic Communication, and Chief of Staff; and

WHEREAS, Teresa has worked with five (5) of Indiana State University's twelve (12) presidents; and

WHEREAS, Teresa has competently served as Chief of Staff for two (2) Indiana State University presidents; and

WHEREAS, Teresa has performed various duties as a member of the President's Cabinet and as liaison to the Board of Trustees including the management of meeting agendas and schedules; and

WHEREAS, Teresa provided outstanding leadership of significant University developments including the University's first integrated marketing campaign, the creation of Student Media, bringing NPR to local radio, facilitating the most recent presidential search, serving on the presidential transition team, overseeing the development and implementation of the current strategic plan; and

WHEREAS, Teresa managed both the University's 125th and 150th anniversary celebrations and has been involved in special event management for scores of events including the Larry Bird Statue Dedication and Fundraising Dinner, the unveiling of the Normal Hall dome as the kickoff to the Sesquicentennial, presidential inaugurations and retirements, and many groundbreakings and dedications; and

WHEREAS, Teresa has received internal and external recognition for her work and has been an unwavering advocate for this University in the community; and

WHEREAS, Teresa Exline plans to retire from Indiana State University on February 28, 2022;

THEREFORE BE IT RESOLVED, that the Indiana State University President and Board of Trustees express grateful recognition, high commendation and sincere best wishes to Teresa Exline for her many years of distinguished service to Indiana State University; and

BE IT FURTHER RESOLVED, that this Resolution be spread upon the records of the minutes of the Indiana State University Board of Trustees and that a copy thereof be duly executed and transmitted to her.

ADOPTED BY THE INDIANA STATE UNIVERSITY BOARD OF TRUSTEES THIS EIGHTEENTH DAY OF FEBRUARY, TWO THOUSAND TWENTY-TWO.

Recommendation: Acceptance of the Resolution in recognition of service to Indiana State University and the Board of Trustees by Teresa D. Exline.

Motion made by: Randy Minas

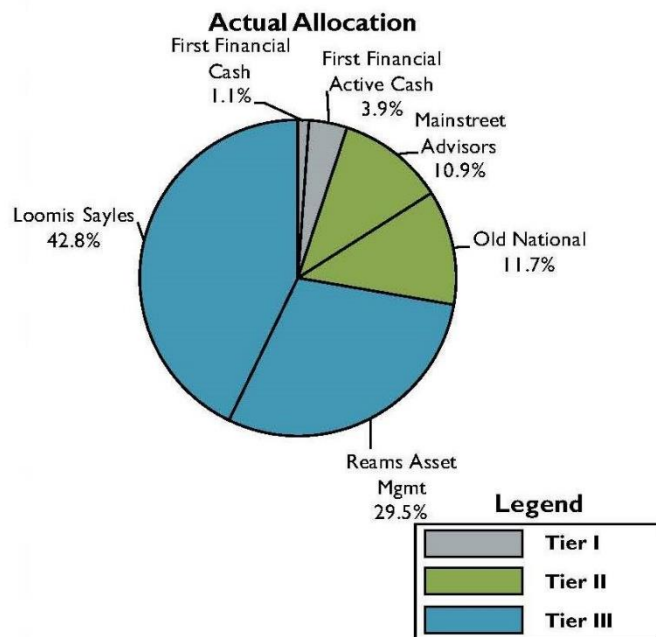

Motion seconded by: John Pratt

The recommendation was approved.

4a University Investments

In accordance with the Board of Trustees approved investment policy, the University Treasurer is responsible for management and oversight of all investments. The University Treasurer is to provide a quarterly investment performance review of all funds to the Board. Below is the quarterly report for the period ending December 31, 2021.

Indiana State University Operating Funds Plan Summary Period Ended December 31, 2021

Manager	Market Value
ISU-First Financial Cash	\$1,615,233

*Includes encumbrances and open commitments							

Revenues

Student Tuition

Fall semester of \$34.8 is below budget by \$3.9 million. The University has budgeted \$4.0 million as a reserve to offset this shortfall. Summer school tuition totals \$3.0 million which reflects only the second half of summer as this crosses the fiscal year. Through December 31, 2021, \$3.9 million of Spring tuition has been recognized. This compares to \$4.2 million that had been recognized at December 31, 2020.

Other Fees and Charges

Other Fees and Charges are below last year's amount by \$69,210. This is due to reduced college challenge, change of course fees, deferment fees, collection fees and Admission application fees.

Other Income and Transfers

Other Income and Transfers are down from the prior year by \$15,947 due to reduced transcript fees and other miscellaneous income.

Program Fees

Program fees are up \$71,747 due to NHHS program fees increases.

Encumbrances and Carryforward

Encumbrances and Carryforward increased by \$1.4 million due to an increase of \$1.1 million of open commitments in 2021 and \$0.3 million increase in carryforward. The University has reserved \$6.3 million to cover revenue shortfall for 2022 including \$5.0 million from the 2021 carryforward with the remaining \$1.3 million left from the 2020 carryforward.

Reimbursements and Income Reappropriated from Other Sources

Reimbursements and Income Reappropriated from Other Sources is down \$615,948 due to lower lab fees and RHIC salary reimbursement recorded in a designated fund.

Expenses

Compensation

Compensation expense is below last year's total by \$3,790,100. Salaries and Wages are down \$2,960,019 which is the result of reduced administrative, support staff, and instructional employee headcount/FTE while student, graduate assistant and overtime wages increased. Benefit expense is below last year's amount \$830,081 due to reduced medical insurance, retirement, and FICA charges.

Departmental Expenses

Total Departmental Expenses increased by \$2,691,411. Supplies and Related Expenses grew by \$1,719,717 as the result of increased travel, recruiting, and accreditation activities. Repairs and Maintenance increased \$803,780 due to increased software maintenance and general building repairs. Other Committed Expenses increased by \$167,914.

Utilities and Related Expenses

Utilities and Related Expenses increased by \$693,729 due to increased electricity and sewage costs while natural gas costs reduced.

Equipment and Other Capital

Equipment and Other Capital expenditures are up by \$66,631. Operating Equipment increased by \$255,595 related to OIT infrastructure, while Capital Improvements decreased by \$188,964 due to timing of transfers.

Student Scholarship and Fee Remissions

Student Scholarship and Fee Remissions decreased by \$6,354,401. This due to a timing difference as student aid was processed in January 2022, while Spring aid last year was processed in December 2020. The expected overall scholarship shortfall is projected to be at \$1,492,542.

Academic Debt Service

Academic Debt Service includes fee replacement for academic facilities that are funded by the State of Indiana and the non-fee replaced debt service that is funded by interest income. The decrease of \$3,142,444 reflects the balloon payment for Series P made in 2021.

Budgeted Reserve

The Budgeted Reserve of \$4,000,000 will be used to cover tuition revenue shortfalls.

Transfers Out and Program Fees

Transfers Out and Program Fees decreased by \$404,742 to reflect reduced lab fees.

Reserve for Revenue Shortfall

Reserve for Revenue Shortfall reflects \$6,299,437 set aside to help offset lost revenues.

4j In Memoriam

IN MEMORIAM: Ms. Wandell Gabey

WHEREAS, Ms. Wandell Gabey, retired Administrative Assistant I in the Department of Curriculum Instructor & Media Tech, died on the nineteenth day of January, two thousand and twenty two; and

WHEREAS, Ms. Wandell Gabey had given loyal and devoted service to Indiana State University for 13 years and had gained the respect and affection of those who knew her as a co-worker and friend; and

THEREFORE, BE IT RESOLVED, that the Indiana State University Board of Trustees by this Resolution expresses to her family deep sympathy and condolences, and further expresses gratitude and respect for the service which she gave to the University; and

BE IT FURTHER RESOLVED, that this Resolution be spread on the records of the minutes of the Indiana State University Board of Trustees.

IN MEMORIAM: Mr. Saul Rosenthal

WHEREAS, Mr. Saul Rosenthal, retired Professor from English Department, died on the 17th day of November, two thousand and twenty one; and

WHEREAS, Mr. Saul Rosenthal had given loyal and devoted service to Indiana State University for 26 years and had gained the respect of students and colleagues who knew him as a scholar, teacher and friend;

THEREFORE, BE IT RESOLVED, that the Indiana State University Board of Trustees by this Resolution expresses to his family deep sympathy and condolences and further expresses gratitude and respect for the dedicated service which he gave to the University; and

BE IT FURTHER RESOLVED, that this Resolution be spread on the records of the minutes of the Indiana State University Board of Trustees.

IN MEMORIAM: Dr. Eric Hampton

WHEREAS, Dr. Eric Hampton, Professor from the Department of Applied Clinical and Educational Sciences, died on the 24th day of January, two thousand and twenty two; and

WHEREAS, Dr. Eric Hampton had given loyal and devoted service to Indiana State University for almost 20 years and had gained the respect of students and colleagues who knew him as a scholar, teacher and friend;

THEREFORE, BE IT RESOLVED, that the Indiana State University Board of Trustees by this Resolution expresses to his family deep sympathy and condolences and further expresses gratitude and respect for the dedicated service which he gave to the University; and

BE IT FURTHER RESOLVED, that this Resolution be spread on the records of the minutes of the Indiana State University Board of Trustees.

IN MEMORIAM: Mrs. Christina Lowe

WHEREAS, Mrs. Christina Lowe, Retired Custodian in Sycamore Housing, died on the 19th of January, two thousand and twenty-two; and

WHEREAS, Mrs. Christina Lowe had given loyal and devoted service to Indiana State University for 27 years and had gained the respect and affection of those who knew her as a co-worker and friend; and

THEREFORE, BE IT RESOLVED, that the Indiana State University Board of Trustees by this Resolution expresses to her family deep sympathy and condolences and further expresses gratitude and respect for the service which she gave to the University; and

BE IT FURTHER RESOLVED, that this Resolution be spread on the records of the minutes of the Indiana State University Board of Trustees.

Old Business

No old business to report.
