ENTRANCE TO RESIDENCE HALL

A State College

ANDIANA STATE TEACHERS COLLEGE, located in Terre Haute, Indiana, is one of the four state institutions of higher education. Its purpose is the training of teachers for the public schools of the state. It was created by an Act of the General Assembly of Indiana on December 20, 1865, and opened its doors to the public on January 6, 1870. Since the school was organized, more than 93,000 students have been in attendance.

CURRICULUMS

The curriculums offered in Indiana State Teachers College are those authorized by law and approved by the State Board of Education. All but the academic courses have been planned primarily for preparing candidates for teaching in the public schools. These curriculums fall into five distinct groups:

- 1. Curriculums for the training of teachers for the elementary grades (Two-year and four-year courses). Two-year courses are offered for the training of Rural, Kindergarten, Primary, and Intermediate and Grammar Grade teachers. Four-year curriculums for the additional training of teachers for the elementary grades and the junior high school are also offered.
- 2. Curriculums for the training of teachers for the high schools, leading to the Bachelor of Arts and Bachelor of Science degrees (Bachelor of Arts degree carries a foreign language requirement).
- 3. Curriculums for the training of teachers and supervisors in the special subjects (art, commerce, home economics, industrial arts, music, and physical education).
- 4. Academic curriculums for students not intending to teach.
- 5. Graduate courses leading to administrative licenses, first grade, for principals, supervisors, and superintendents.

All curriculums offer you a general education in the arts and sciences as well as professional courses in education, and afford opportunity for supervised teaching in the Training School. If you have difficulty in deciding upon the curriculum which you desire to enter (and you should decide before presenting yourself for registration) do not hesitate to call upon the Director of Student Programs for the needed advice.

FEES AND LIVING EXPENSES

Indiana State Teachers College not only offers you a high quality of work, but offers it at a low cost. The contingent fee is twenty-five dollars (\$25.00) per quarter and there are no extra fees except the penalty fees which may be, and should be, avoided. This fee entitles the student to admission to all athletic contests without further cost, admission to all numbers of the Activities Course, and subscription to the college newspaper, *The Indiana Statesman*.

The college is located almost in the heart of the city, giving the student all advantages of living facilities that the city affords. The average cost per quarter of twelve weeks has been found to be approximately \$110. This varies with the individual tastes and habits of the students.

Residence Hall offers accommodations for approximately two hundred girls at a cost of \$72.00 per quarter for room and board for the Fall Quarter. Rules of the Teachers College Board require that all non-resident freshman and sophomore girls must reside at Residence Hall. Reservations here should be made with Mrs. Charlotte S. Burford, Dean of Women.

Boarding and rooming places off the campus are inspected and approved by the respective deans. Three fraternity houses provide homes for some of the men students.

Living expenses may be estimated approximately as follows:

Fees, \$25.00 per quarter\$ 75.00-\$ 75.00
Room, \$1.25 to \$2.50 per week\$ 45.00-\$ 90.00
Board, \$3.00 to \$4.50 per week\$108.00-\$162.00
Books, \$5.00 to \$10.00 per quarter\$ 15.00-\$ 30.00
Miscellaneous, \$5.00 to \$10.00 per quarter\$ 15.00-\$ 30.00

Total _____\$258.00-\$387.00

Numerous inquiries are received by the college concerning student employment. There are some opportunities offered for employment of students, but you should not be too ambitious in your plans for the freshman year when you are getting adjusted to a new routine. Indiana State Teachers College has a Director of Student Employment who will be glad to assist all worthy students in finding some employment whenever it is possible. Citizens of Terre Haute cooperate with the college officials in a highly admirable manner with the result that many of our students are working to pay a part of their expenses.

Certain rules relative to scholarship govern those students who are working outside of school hours. You should acquaint yourself with these rules by consulting with the respective deans before making any definite plans for work.

OPERA "FAUST," PRESENTED BY STUDENTS OF MUSIC DEPARTMENT

Freshman Registration

IF you are entering Indiana State Teachers College for the first time this fall, you should plan to reach Terre Haute on Thursday or Friday, September 21 or 22, so as to make suitable arrangements for rooms. Men students should confer with Frederick H. Weng, dean of men, while girl students should consult Mrs. Charlotte S. Burford, dean of women. *REMEMBER*, that all rooms must be approved by the deans. If you wish to make arrangements in advance, you may obtain a list of approved rooms in the city from the deans.

All girl freshman students who do not return to their home each evening are required to live in Residence Hall. Reservations for rooms here may be made upon application to Mrs. Charlotte S. Burford. Each application must be accompanied by a five dollar deposit.

Registration of all entering freshman students will be held on Saturday morning, Septemper 23, from 8:30 to 12:00. You will want to register as early as possible in order to have more time to acquaint yourself with the location of the classrooms, the various buildings, etc.

You will first present yourself at the office of the Registrar, Mr. Harry E. Elder, for the approval of your trial program.

HARRY E. ELDER

This office is the first door to your left as you enter the Main Building from the front entrance off North Sixth Street.

Prof. Frank R. Higgins, chairman of the Registration Committee, will also assist you in your registration. You should decide before presenting yourself at the office of the Registrar the curriculum upon which you will enter. If you are entering upon the regular college curriculum, you should have selected the two subjects in which you

intend to major. If you have made these decisions, set programs will be given you in the Registrar's Office or instruc-

tions and advice tendered by which you can make out an acceptable trial program.

After your trial program has been approved, you will pre-

sent yourself to the registration committee for the curriculum upon which you have entered. The committee for the two-year curriculums will be in Rooms MC-4-6-8. The committee for regular four-year college course will be in Room MC-34. The committee for the academic curriculums will be in the Registrar's office. The committee for the special courses will be distributed as follows: Art in MB-3, Industrial Arts in MB-37; Music in MB-9; Physical Education for Men in MB-17; Physical

FRANK R. HIGGINS

Education for Women in MB-1; Commerce in MD-33; and Home Economics in MB-11. All these rooms are in the Main Building. "B" is the floor upon which the Registrar's Office is located, "C" the first floor above, and "D" the second floor above.

After cards have been filled out before the committee with

CYPAL C. CONNELLY

which you are registering, you will present yourself to the dean. Your next step will be taking the Controller's card to the office of the Controller, Mr. C. C. Connelly. You may pay your fee at this time. However, ten days are allowed for the payment of your contingent fee, but you MUST present yourself at the office of the Controller whether or not you pay the fee to have the Controller's card officially stamped.

This will conclude your official registration. Don't hesitate to ask ques-

tions if you are in doubt about any matter. Be sure to have a fairly definite idea of the work you want to do in the college.

At 1 o'clock in the afternoon, you will go to the Physical

Education Building (located on the corner of Eagle and North

Seventh Street). A short program will be held with Dr. L. A. Pittenger giving you a word of welcome into the college.

At 1:45, you will be subjected to an English Test given under the direction of Dr. Leslie H. Meeks, head of the department of English. This test deals with the fundamentals of the English language. Its purpose is to place you in classes with other students who are approximately your equal in their knewledge of English. If this test shows you to be deficient in English, you

DR. LESLIE H. MEEKS

may be asked to take special work in English without credit until you can meet the college requirements.

Short meetings will then be held by the deans and the remainder of the day will be given over to your pleasure. A football game will be played at Memorial Stadium on East Wabash Avenue at 3:15 between the Indiana State varsity eleven and Gary Junior College at which you will be special guests. In the evening the student-faculty mixer at the Phy-

DR. J. W. JONES

sical Education Building will give you an opportunity to become acquainted with your fellow-students and with your instructors.

At 10 o'clock Monday morning, while the other students are registering, you will present yourself at the Physical Education Building for the psychological test given under the direction of Dr. J. W. Jones, dean of the faculty. At 11:20, you will meet Dr. Floyd Riggs, who, with Dr. Jones, will assist you in filling out your health history forms.

This will complete your registration and on Tuesday morning, you will present yourself at the classroom in which your first class in held at the scheduled hour.

Handle Students' Welfare

DR. FLOYD RIGGS School Physician

CHARLOTTE S. BURFORD Dean of Women

FREDERICK H. WENG Dean of Men

Trial Programs

All former students who are expecting to enroll this Fall Quarter are asked to write to the office of the Registrar at once for trial program blanks. These blanks are to be filled out and returned to the Registrar at least one week before registration. All trial programs must be approved by the Director of Student Programs before the student is allowed to proceed with his registration.

Class Schedules

For your convenience, we include in this booklet a complete schedule of classes for the Fall, Winter, and Spring Quarters. These schedules have been carefully worked over by the committee in charge and few, if any, deviations will be made from the class schedules as printed here unless such changes are absolutely unavoidable. This will enable you to intelligently plan your work for the year as you can see when your required subjects in your special field will be offered. These schedules follow:
